

The DAILY WASHINGTON MERRY-GO-ROUND

By DREW PEARSON and ROBERT S. ALLEN

Washington — There is nothing imminent about it, but it would surprise none of his close friends if Henry Morgenthau resigned as secretary of the treasury.

The main reason, if he does so, would be his health. Henry has been in an overworked and nervous condition for some time now, and for several months has complained of severe headaches.

This nervousness has resulted in part in an assassination complex, with the result that before he left on his recent vacation to Honolulu, Morgenthau was constantly attended by secret service bodyguards. They worked in three shifts of eight hours each.

Chief cause of Morgenthau's nervous condition has been too much work and worry over the job of meeting the demands of New Deal spending. It is an open secret among White House intimates that many times he has urged a drastic curb in expenditures.

Obeys Roosevelt
Young Henry does not exactly argue with Roosevelt. He is rather plaintive about it. He doesn't conceal his worry, but once the President has made a decision, Morgenthau goes down the line and finds the money to carry out that decision.

Morgenthau's specialty, before he entered the treasury, was agriculture and conservation. He has never been exactly happy in the treasury, though on the whole he has done a good job.

Sometimes Roosevelt has felt that it would be better to have a secretary of the treasury with more experience in monetary matters, but if and when young Henry gets out it will be only because he wants to. Roosevelt will never give him the hint to go.

Note: An almost sure bet as Morgenthau's successor, if he departs, is Joe Kennedy, brilliant chairman of the maritime commission and former head of the securities and exchange commission.

High Hat
The federal reserve board has gone high-hat since moving into its elaborate Greco-Roman palace on upper Constitution avenue. Constructed of gleaming white marble and embellished with glittering brass eagles, the structure is one of the new show places of the capital.

The pompous formality of the new establishment is in keeping with its lavishness. Official guards in swanky uniforms clutter the place and treat visitors with hauteur.

A recent caller on Chairman Marriner Eccles was stopped at the front door of the building by a guard who demanded to know his business. Informed, he admitted the visitor and directed him to a certain elevator.

On the proper floor, the visitor again was halted by a guard who inquired his business. When told, he said, "I will have to announce you." He did this by phoning Eccles' office.

"It's okay," he observed, "Mr. Eccles will see you."
"Where is his office?"
"I don't know," the guard replied. "I'm new here. I'll call another guard who knows the joint and he will show you."

Hard Hit Crop
There is one U. S. agricultural product which presents a pitifully lean picture in the midst of plenty. While the corn yield is a billion bushels more than last year, wheat and cotton are so abundant that legislation will be necessary to cope with the problem of price-disturbing surpluses, misfortune-ridden farmers of the Northwest face another meagre crop of flaxseed.

Though this product is a minor item in U. S. agricultural output, it means the difference between bankruptcy and solvency to thousands of Northwest growers. With frosts and grasshoppers ravaging their fields, they are up against empty harvest and trying winter. Flaxseed is used chiefly to make unseeded oil, vital in the manufacture of paints. The U. S. has never produced enough of the commodity for domestic needs. Last year's crop of six million bushels was one of the smallest on record.

Imports of flaxseed in 1936 hit the record-breaking figure of 26 million bushels, most of it coming from Argentina. This year, with the yield below average, government experts predict an even greater importation of the commodity.

TOT WILLING TO GIVE UP "LUNG" TO SAVE ANOTHER

Doctor Calls Her "Gam-est Human Being"

Denver, Sept. 2.—(AP)—Little Shirley Krause, two and a half year old infantile paralysis victim, was placed today in an "iron lung" speeded here from Chicago by streamlined train.

As soon as the ton and a half lung reached the hospital, where both Shirley and Maybelle Outcalt, 15, are receiving artificial breathing treatment, the little girl was taken from an emergency wooden respirator into which she had been placed a few hours earlier when it arrived from Toronto by airplane, and lifted into the Chicago lung.

A poignant dilemma ended earlier when the baby was hurried into the wooden respirator. Before the second respirator arrived by plane, doctors had faced the possibility of having to decide which girl should be saved in an emergency.

The baby was in a precarious condition all night, breathing with difficulty. Fifteen year old Maybelle Outcalt, also suffering from infantile paralysis, was unable to breathe outside the "lung."

In Lung Since August 13
Until Monday, Denver's only mechanical "breather" had been tiny Shirley's home since August 13. Then the Outcalt girl's need became acute, and she was given the respirator.

Another respirator, of steel construction, was due by fast train from Chicago.

The Krause girl was called the "gam-est human being I've ever seen," by Dr. T. L. Williams, assistant manager of health.

"To ask that little girl to abandon the only means she had to live is the worst job I've ever had," Dr. Williams said.

"I'd hate to think what the answer would have been if she had been an adult—afraid to die."

Shirley obligingly had said she would "give up my box" when the Outcalt girl was brought in.

Van Bibber Warns Children Cannot Operate "Putters"

A small motorized vehicle which has made its appearance in Dixon this week is developing into no small source of trouble, according to Chief of Police J. D. Van Bibber, who today very definitely outlined the provisions of the Illinois state law with regard to the operation of motor vehicles by minors.

Children as young as ten years of age have been operating the "putters" on the streets of the city, it was stated, whereas the state law requires that a boy is not permitted to operate a motor vehicle until he has attained his 15th birthday.

Warnings have been issued to those who are renting the "putters" that the state law will be enforced, Chief Van Bibber stated. He also cited the danger of accidents and fatalities on the streets of the city by inexperienced children operating the motorized scooters. Complaints were made to the police of the practice of riding the "putters" on the sidewalks in the residential section and this practice is to be halted at once, Chief Van Bibber said.

MOOSE ELECTION
Cleveland, O.—(AP)—William J. Egan, of Newark, N. J., was elected Supreme Dictator of the Loyal Order of Moose at the lodge's 49th annual convention. Other supreme officers elected included Malcolm R. Giles, of Aurora, Ill., secretary.

Idea "All Wet"
Norwalk, Conn., Sept. 2.—(AP)—Charles Wilson figured it was going to be easy to remember his social security number. It was tattooed on his shoulder.

He doesn't think so much of the idea now. Uncle Sam assigned him a new number.

Tit for Tat

Washington, Sept. 2.—(AP)—Senator Holt (D-W. Va.) said today he would seek to record the Senate against a third term for President Roosevelt.

A frequent administration critic, Holt said he would offer the same resolution opposing a third term which the Senate approved in 1928 and the House adopted in 1975.

He noted that nearly a score of Democrats now in the Senate voted nine years ago, when Calvin Coolidge was president, that a third term would be "unwise, unpatriotic and fraught with peril to our free institutions."

TUGWELL'S UNIT REPLACED BY A NEW FARM GROUP

Washington, Sept. 2.—(AP)—A new federal agency with different aims—The Farm Security Administration—replaced today the Resettlement Administration, stormy New Deal unit founded by Rexford G. Tugwell.

The new agency will direct the longtime and admittedly difficult job of trying to convert some 3,000,000 tenants, sharecroppers and farm laborers into owner-operators.

Secretary Wallace officially ended the Resettlement Administration's life yesterday and transferred to the new agency the task of continuing such of its projects as will be completed.

Wallace never liked the word "resettlement" for describing the federal job of rural relief. He christened the new agency "Security" must live up to its name.

The cabinet member said building of model suburban and rural communities—pet projects when Tugwell was at the helm—will have no place in the revamped program.

Instead the new agency will concentrate on loans to deserving tenants to help them acquire farms and on relief for needy farmers under the broad term of "rehabilitation."

"I think the new name is a much better one," Wallace said. "The old one suggested we were going to pick farmers up one place and set them down in another. What we are trying to do is make them secure on their land."

Gulf Freighter Sinks, 1 Survivor Relates Tragedy
Panama City, Fla., Sept. 2.—(AP)—The Gulf coast freighter Tarpon with about 25 men aboard went down several miles off East Pass, Fla., at 8:45 A. M. yesterday.

One seaman, Ardley Baker of Mobile, Ala., swam ashore and gave first news of the tragedy. He said he had been in the water until 10 A. M. today.

He said he knew one Negro sailor went down with the freighter but he expressed a belief many others among the crew would reach shore as he did or be picked up in the gulf.

He said when he started swimming for shore he saw Captain W. G. Barrow of Pensacola and "most of the crew" on the surface clinging to wreckage.

Bingham's Hasty Crossing To U. S. Still Is Mystery
New York, Sept. 2.—(AP)—Mrs. Robert W. Bingham, wife of the American ambassador to Great Britain, arrived today on the Rex from an interrupted vacation in the south of France.

Mrs. Bingham said she hastened to New York when her husband called her from London and explained he had been summoned suddenly to confer with President Roosevelt. She said she knew nothing of the reason for Mr. Bingham's hasty crossing.

Mr. Bingham conferred with the President yesterday at Hyde Park ostensibly on the Chinese-Japanese situation.

REPORT CHINESE PLANES BOMBING JAPAN SEAPORT

Nanking Aviators Have Threatened To Cross Sea

Shanghai, Sept. 3.—(Friday)—(AP)—An unconfirmed report early today said Chinese military airplanes had flown to Japan and bombed Kagoshima, southernmost port of importance in Japan proper.

Kagoshima is in the south of Kyushu island, on the west coast, about 600 miles from Nanking, the Chinese capital. It has about 137,000 population.

While the report went unconfirmed for the time being, it is a fact the Chinese had threatened repeatedly to fly across the Yellow Sea and carry the war into Japan proper.

The report came a few hours after Japanese air squadrons, in Shanghai, had dumped bombs on the northern borders of the international settlement at Thursday sunset, just missing the sand-bagged sectors defended by American marines.

The bombs played havoc with life and property but, apparently, achieved no military objective.

Shrapnel fell about United States marine posts. The American lines were directly in the range of fire. The steel-helmeted marines were in imminent danger of serious casualties in case Japanese air bombers or naval gunners overshoot their marks.

The Chinese government mint and other administrative buildings. A dozen miles to the north the major fighting surged on, with Japanese asserting their troops were approaching the walls of Paoshan and Chinese declaring their lines were holding firm.

The Japanese admitted their earlier claim to the capture of Paoshan was a

JAPS AFTER CHIANG
Tokyo, Sept. 2.—(AP)—Foreign Minister Koki Hirota indicated today Japan's objective in its undeclared war with China was the elimination of Generalissimo Chiang Kai-Shek, premier of China.

Describing Gen. Chiang as "the spearhead of the anti-Japan movement," the foreign minister declared Japan's main objective in China at the moment was the uprooting of anti-Japanese elements and the reestablishment of cooperation between China and Japan.

On the eve of an extraordinary session of the Diet, the major political parties unanimously adopted resolutions of support for government policies.

At a national mass meeting, the parties urged overthrow of the Nanking government and "chastisement" of China.

WONT INVOKE ACT
Washington, Sept. 2.—(AP)—State department officials expressed hope today that an order keeping American commercial ships out of Shanghai would stave off the necessity of invoking the neutrality act.

Officials said the president might not feel required to proclaim formal existence of the war between China and Japan if domestic ships steered clear of the danger zone, thus avoiding the possibility of their being damaged from bombs or shells.

A formal declaration of war by either nation or actual severance of diplomatic relations, they said, might lead quickly to invocation of the act.

FATAL ACCIDENT
Mrs. Charlotte Redeschind, 47, of Rockford is dead of abdominal injuries suffered when she fell on a mop handle after losing her balance on the stairs of her home.

THURSDAY, SEPT. 2, 1937
By The Associated Press
Chicago and Vicinity: Partly cloudy to cloudy and continued warm and humid tonight and Friday, local thundershowers Friday afternoon; gentle to moderate south to southwest winds.

Dixon Business Will Be Suspended for Labor Day Holiday Festivity Here

Speedboat Regatta At Lowell Park Main Event

Business generally will be suspended in Dixon Monday, Labor day, and numerous celebrations are slated in and about the city, with varied entertainment for pleasure seekers.

In Dixon and immediate vicinity a varied program of entertainment is being provided over the coming weekend. Sunday afternoon a fine program of outboard motor boat races is scheduled at Lowell park. These events have been booked for Sunday because of the fact that races will be held at Rockford Saturday and at Depeu on Monday.

The owners of the speed craft entering the Depeu tournament will stop on their way south to race over the Lowell park course Sunday afternoon.

Three coveted trophies will be sought by the several entrants, the park board silver loving cup and two additional trophies presented by William Trein, local jeweler, and the Beier Bakery trophy which has been offered by George and Arthur Beier. Other prizes will be awarded winners in other events and the program will start promptly at 2 o'clock Sunday afternoon. The juvenile municipal band of Oregon is scheduled to furnish a musical program during the afternoon.

Monday Activities
Monday will be a busy day in several localities. Locally, there will be a parade of labor organizations in the morning, which will pass through the business district. The annual Elks claim bake will hold forth at the George W. Smith farm west of Dixon during the entire day and this event is expected to attract Elks from northwest Illinois and their friends.

At 2 o'clock in the afternoon, horse shoe pitchers from northwest Illinois will gather at Lowell park for a tournament which has been arranged by Edward Graybill and which is expected to attract a gathering of about 50 contestants.

In Lee county three large celebrations are scheduled for the holiday. At Franklin Grove a huge celebration will begin a three day festival program. At Paw Paw, the annual home-coming will be celebrated and this is expected to attract a large crowd. Maytown will celebrate its annual homecoming at the Maytown church and this event for many years has attracted large crowds.

The 84th annual Ogle county fair, which opens Saturday, will continue through Sunday and conclude Monday with a monster program of racing and entertainment. The holiday this year provides a greater number of varied attractions than has been offered the pleasure seeking public in this vicinity in many years.

Business will be practically suspended in the city, with usual holiday hours prevailing at the post-office, and there will be no edition of The Telegraph on the holiday.

Diary, Believed Andree's Found Off Spitzbergen
Tromsø, Norway, Sept. 2.—(AP)—The Norwegian leiship Gudrun returned today from the Arctic with a tiny receptacle in which the captain said was a "diary" of the Swedish explorer Salomon August Andree, who was lost on an attempt to reach the North Pole by balloon 40 years ago.

The copper and cork container was found on a small island near Spitzbergen by a fisherman. The Gudrun's master declined to disclose what the contents stated but he said the "diary" was in good condition.

He surmised Andree had dropped the container while passing over the island.

Family Wiped Out In Auto-Bus Crash
Baltimore, Sept. 2.—(AP)—A mother and father, a son they were taking to college, and a friend of the son were all killed today in a head-on collision of their automobile and a bus a few miles from here.

The four dead were tentatively identified by State Police Sergeant E. S. Haddaway as: Elmer D. Hays, Chevy Chase, Md. Hs. wife, Mrs. Elizabeth H. Hays. Their son, Elmer Hays Jr., 18. James Leach, Washington.

ATTENTION, STERLING!
Belvidere, Ill., Sept. 2.—(AP)—A python, 20 feet long, escaped from a carnival snake show last night. Police Chief August Stegeman ordered his seven-man force to join in a search started immediately by carnival workers and volunteers.

Friday: Sun rises at 5:26, sets at 6:21.

Terse News

BISHOP IS DEAD
Bishop L. H. Seager, well-known in Dixon, having conducted special services in the Grace Evangelical church here several years ago, passed away at his home in LeMars, Ia., Monday and was buried in Naperville today.

PAGE MR. RIPLEY
Mrs. Rudolph Gasser, this city, furnished an item worthy of Ripley's "Believe It or Not" column. She discovered in her garden a half-dozen five leaf clovers and a half dozen four-leaf clovers close together this morning.

IN COUNTY COURT
Arthur Hall was arrested in Rockwell last evening and this morning Deputy Sheriff Gilbert Finch brought him to the county jail in Dixon on a charge of wife and child abandonment. Hall is scheduled to be arraigned before Judge Leon Zick in the county court Friday morning.

IN TRAFFIC COURT
Four violators of city traffic rules were arraigned before Justice Fremont Kaufman in police court last evening and this morning. Ray Swope and Otto Dagnold paid fines of five dollars and costs on charges of speeding. Cora Hawthorn, arrested on a speeding charge, had her hearing continued until this afternoon and E. H. Watling paid a fine of one dollar and costs for failure to heed a stop sign.

TO LEGION CONVENTION
The Lee county district of the American Legion will have two delegates at the national convention in New York City this year, it was stated today, when an announcement was made public of the appointment of Oscar Berga of Amboy, district commander, and Walter Smith of this city, a past commander of Dixon post. The two Lee county delegates were selected at a meeting held at the state convention at Springfield last week which was attended by several Legionnaires from Dixon and other posts in the county.

W. C. Flour Mill Is Winner in Tax Suit
Kansas City, Sept. 2.—(AP)—Federal Judge Albert L. Reeves ruled today the Washburn Crosby flour mills may retain approximately \$2,000,000 in processing taxes and are not required to redistribute it among the bakers.

O'Connor-Bills, Inc., and other bakers had sued Washburn Crosby for recovery of the \$138-a-barrel processing tax paid under the invalidated agricultural adjustment administration.

Judge Reeves sustained a motion of Washburn Crosby to dismiss the suit. He held the contract between the flour company and the bakers provided for adjustment of payments in case of a decrease in the processing tax but not for the reimbursements should the A. A. A. be held unconstitutional.

Judge Merrill E. Otis previously held that bakers could not recover the tax money from the impounded funds.

Stage Sit-Down One Month After Plant Is Reopened
Madison, Ill., Sept. 2.—(AP)—A sit-down strike of 900 employees stopped operations today in all but the wheel-casting department of the American Car and Foundry company's plant, which had reopened for full production a month ago after being closed for seven years because of the lack of railroad orders.

The employees were demanding recognition of the CIO Amalgamated Association of Iron, Steel and Tin Workers, increased pay, an 8-hour day, and time and a half for overtime. The 190 workers in the company's wheel-casting division already had obtained union recognition.

Hunte's Dream
St. Louis, Sept. 2.—(AP)—Joseph Pectz's lawn was a scavenger hunter's dream when he looked from his window.

Startled by the assorted articles he saw, he called police, who itemized one no-parking sign, two parking signs, one Japanese beetle trap, one sandwich board and a newspaper stand.

Connecting Paving Link of Route 51 With 52 Nearing Completion
At the present rate of progress being made on the paving of the extension of state route 71 east of Amboy, it is expected the new highway will be ready for use early in November. The long dry spell favored the contractors to a great extent and at the present time about half of the paving has been poured. The extension is about 12 1/2 miles in length and when completed, will connect U. S. Route 51 in the east end of the county with U. S. Route 52 running north from Amboy to Dixon.

The contractors are using sand and gravel taken from two Lee county pits instead of shipping it in, which has aided in completion of the work. One of these pits was opened just south of Amboy along Green river where sand and gravel are hauled in trucks to the improvement north-east of that place. The contractor who is pouring the east section of the new paving is procuring sand and gravel from the Kelly pit which is located in Viola township near the junction where the new route, when completed, will connect with U. S. 51. All of the sand and gravel used in the construction of the bridges and drainage structures is being produced in Lee county, while the cement is being shipped from a mill outside the county.

Motherly Monk

Oklahoma City, Sept. 2.—(AP)—Jocko the monkey, 13-year-old resident of C. H. Mabry's trailer home, has a new foster child, a six-weeks-old alley cat. She gives the kitten her undivided attention, even keeping one arm around it when she eats.

She had grieved since someone poisoned a baby wild boar brought from Mexico for her by John (Pepper) Martin, St. Louis Cardinal baseball star. Previously she had mothered cats, dogs, a duck and two timber wolves.

Jocko has never had a baby monkey of her own.

OFFER EXCHANGE OF INU STOCKS FOR EDISON'S
The Securities and Exchange commission at Washington, D. C., has given approval to the proposal of Commonwealth Subsidiary corporation to acquire the preferred stocks of Illinois Northern Utilities company in exchange for capital stock of Commonwealth Edison company. The stockholders of Illinois Northern Utilities company will not be required to make any decision unless and until each of them directly receives in writing such an offer.

When Commonwealth Edison company makes its exchange offers to the stockholders of Public Service company of Northern Illinois as contemplated under its plans already announced, Commonwealth Subsidiary corporation will then be in a position to offer 37 shares of Commonwealth Edison company of the par value of \$25 each in exchange for each of the preferred shares (whether 6 per cent or 7) of Illinois Northern Utilities company. It is not contemplated in connection with the proposed offer that either Commonwealth Edison company or Commonwealth Subsidiary corporation will acquire direct ownership of the physical properties of the Illinois Northern Utilities company. Neither is the merging of the operating organizations and personnel contemplated.

Review Board Will End Work on Tax Books This Week
The Government Board of review composed of Charles Ramsdell of Franklin Grove, chairman, William Powers, Amboy and Louis Grampp, Dixon, is completing its session of investigation and examination of the county tax books. The report of the board will be submitted to the supervisors when that body meets in its regular annual session, Sept. 14. The board of review will complete its work this week, Chairman Ramsdell stated today.

The list of complaints filed with the board this summer has been divided about equally between Dixon township and the remaining townships of the county. The number of complaints this year, however, exceeds that of last year when but 57 complaints were filed for investigation. This year the number reached a total of 75. In 90 per cent of all of these the complainant had purchased property upon which the taxed valuation had been placed too high, members of the board indicated.

Girl, 5, Ill On Yacht Flown To Seattle
Seattle, Sept. 2.—(AP)—Linda Berlin, five-year-old daughter of Mr. and Mrs. Irving Berlin, flown here by seaplane after she had become ill aboard a yacht off Deception Pass, will be on her feet again today, attending physicians said.

The girl is suffering from a minor intestinal disturbance.

British Increase "Life Line" Fleet
London, Sept. 2.—(AP)—Great Britain ordered her fleet reinforced in the western Mediterranean today to combat strange and repeated submarine assaults on British flag vessels along her Empire "Life Line."

The decision was announced after tense cabinet members, at two sessions, attempted to shape the Empire's naval policy against the threats to her ships of war and peace.

The Spanish ambassador was summoned to the foreign office shortly before the second council adjourned early this afternoon. The order, specifically instructing increased destroyer strength among the reinforcements, indicated that both capital ships and smaller men-of-war would be sent into the zone.

Turning Country Back To Indians?
Washington, Sept. 2.—(AP)—President Roosevelt signed today a bill appropriating \$2,000,000 to restore Alaskan reindeer herds to the Eskimos and Indians. The bill makes it illegal for whites to operate herds.

Delegate Anthony Dimond of Alaska said the measure would "keep the Alaskan natives off the dole."

POLIOMYELITIS RISE WORRIES HEALTH BOARD

New Cases Develop Despite Measures To Check It

Chicago, Sept. 2.—(AP)—Throughout Illinois, public health officials expressed concern today over the prevalence of infantile paralysis.

In Bloomington, Dr. Paul F. Klonka, city health director, said he was considering a recommendation that reopening of the public schools next week would be postponed "if any considerable number of new cases develop." Six cases were reported there, but no new ones had developed since Aug. 25.

The dread disease caused the death of four months old Thomas E. Gordon at Rockford, a post-mortem showed today. The infant was found to be dead after a minor accident involving a taxicab in which his mother was removing him to a hospital.

While Dr. J. J. McShane, chief of the division of communicable diseases of the state health department, said at Springfield that 132 infantile paralysis cases in the state during August more than tripled last year's August prevalence, state authorities withheld any recommendation that school openings be delayed.

Dr. Frank Jirka, head of the state department, instead urged that school boards provide strict medical and nursing supervision as schools reopen.

His School Closing
Dr. Jirka criticized an edict of Chicago health officials in postponing indefinitely the reopening of all public schools here. A new drastic order banning children from theaters was issued today as Dr. Herman Bundesen, president of the board of health, said two new paralysis deaths and 12 additional cases of the disease had developed overnight.

Of 268 cases of infantile paralysis in the state this year, Dr. McShane said 128 were in Chicago and 140 downstate. He predicted prevalence would increase during September.

ENCEPHALITIS DEATH
St. Louis, Sept. 2.—(AP)—The death of Mrs. Victor Vitale, 55 years old, of encephalitis (sleeping sickness) at City hospital today was the tenth of that disease here since June, when the first case of the year was reported.

Dr. Joseph P. Bredeck, city health commissioner, was informed today of six new weasels, which brought the total for the year to 85, including 68 during August. He said he did not consider the outbreak to be of epidemic proportions.

No new infantile paralysis cases were reported to the health commissioner today. There were 15 new cases in August, twice as many as in the same month a year ago, but the situation was not regarded as serious.

POLIO INCREASES
Springfield, Ill., Sept. 2.—(AP)—The state department of public health announced today it received reports of 27 new cases of infantile paralysis on Tuesday and 15 yesterday.

For the week ending Monday, 46 cases had been reported. Reports by counties were as follows:
Tuesday—Cook: 18; McLean: 2; Adams, DeWitt, Knox, Marshall, St. Clair, Will and Winnebago, one each.
Wednesday—Cook: 11; Kane, Stephenson, Knox and Winnebago, one each.

British Increase "Life Line" Fleet
London, Sept. 2.—(AP)—Great Britain ordered her fleet reinforced in the western Mediterranean today to combat strange and repeated submarine assaults on British flag vessels along her Empire "Life Line."

The decision was announced after tense cabinet members, at two sessions, attempted to shape the Empire's naval policy against the threats to her ships of war and peace.

The Spanish ambassador was summoned to the foreign office shortly before the second council adjourned early this afternoon. The order, specifically instructing increased destroyer strength among the reinforcements, indicated that both capital ships and smaller men-of-war would be sent into the zone.

Turning Country Back To Indians?
Washington, Sept. 2.—(AP)—President Roosevelt signed today a bill appropriating \$2,000,000 to restore Alaskan reindeer herds to the Eskimos and Indians. The bill makes it illegal for whites to operate herds.

Delegate Anthony Dimond of Alaska said the measure would "keep the Alaskan natives off the dole."

THURSDAY, SEPT. 2, 1937
By The Associated Press
Chicago and Vicinity: Partly cloudy to cloudy and continued warm and humid tonight and Friday, local thundershowers Friday afternoon; gentle to moderate south to southwest winds.

Outlook for Saturday: Local thundershowers; cooler by afternoon or night.
Illinois: Partly cloudy to cloudy, local thundershowers probable in south portion tonight and Friday and in north Friday afternoon; continued warm.

Wisconsin: Partly cloudy to cloudy, occasional thundershowers probable in north portion tonight and Friday and in south Friday afternoon; not much change in temperature.
Iowa: Partly cloudy tonight and Friday, local thundershowers in extreme east Friday afternoon; continued warm, except slightly cooler in extreme northwest Friday afternoon.

Friday: Sun rises at 5:26, sets at 6:21.

Fire Completes Devastation Of Typhoon-Smitten Hongkong

Hongkong, Sept. 2.—(AP)—Fire, caused by a disastrous typhoon, raged through Hongkong today after a 125-mile-an-hour wind had taken hundreds of lives ashore and at sea.

The death toll, steadily rising, was believed to have passed 500. Officials expressed fear it would mount into thousands.

A wide area of this British crown colony was devastated and wastelands in water.
Large and small ships were piled up on the sea wall and strewn in the submerged waterfront streets.
Distress calls from foundering ships poured in from all sides.
Shipping suffered particularly heavily in the gale, one of the worst in Hongkong's history, because the harbor is thronged with refugee-laden ships from the Shanghai war zone and steamers that have taken haven from the Japanese coastal blockade.

One of the foundered steamers was the liner Hunan, carrying 1,200 Chinese refugees from the Shanghai sector.

The 4,522-ton Dutch liner Van Heutz was a total loss. Two of the largest ships in the harbor, the 18,765-ton Lloyd Triestino liner Conte Verde and the 16,975-ton Japanese liner Asama Maru, were swept ashore.

LABOR DAY FETE AT ROCKFORD TO LAST THREE DAYS

Eight Weeks of Strenuous Work by Large Committee, Done

Rockford, Ill., Sept. 2.—(Special)—Eight weeks of strenuous work on the part of "the committee of 200" will culminate in the launching of Rockford's first all-city Labor Day celebration Saturday, when the three day carnival opens.

Saturday will be Rock River and shopping special days. Speedboat races on the river will consume three hours time Saturday afternoon. A vaudeville unit mounted on a sound truck will play in eight business sections in the early evening, while one hundred decorated canoes will participate in Venetian night spectacle from eight to ten.

Sunday afternoon will bring community singing, athletic contests and speaking at Blackhawk park, while Rockford's symphonic orchestra of forty piece will be heard in concert between seven and nine in the evening.

Monday's parade will bring out twelve thousand marchers as well as a dozen musical outfits and fifty decorated floats. It will move across the city at 2 p. m., breaking up at Fairgrounds park, where the Forty & Eight national champion band, will play a concert from 3:30 to 4:30, when Congressman Robert G. Allen, Pennsylvania, arrives via plane for the address of the day. He will be introduced by Mayor Charles F. Brown, who will in turn be introduced to the assemblage by General Chairman Harry Leach, of the celebration committee. Monday night will bring about the climax of the three day celebration with fireworks display at Blackhawk park and a free dance at new armory on North Main Street. This building will accommodate 10,000 dancers.

LAMOILLE

Lamoille—The McCray reunion was held Sunday, Aug. 29 at Rochelle city park, Rochelle. The following 46 attended: Mr. and Mrs. Stanley Lundquist, Mr. and Mrs. Lyle Stewart, Rockford, Mrs. Esther Mercer and three daughters, Gary, Indiana, Mr. and Mrs. George Fuller, Sycamore, Mr. and Mrs. J. L. McCray and family, Mr. and Mrs. Marion Hall and family, Mr. and Mrs. Harvey Telkamp and family, W. L. Mercer, Mr. and Mrs. Howard Felt and daughter Grace Louise, Lamoille, Mr. and Mrs. A. L. Barrett and son Louis, Ohio, Mrs. Alma Walker and daughter Eloise, Mr. and Mrs. Elmer Knight, Ada, Ohio, Mrs. Delena McDonald and daughter, Mrs. Tom Robbins and two children, Clifford Lutz, Princeton, Mr. and Mrs. Scott McCray, Rochelle.

Mrs. Laura Conrad and niece Betty Conrad took Mrs. Nancy Conrad to the home of her son and wife, Mr. and Mrs. Ike Conrad of Princeton on Monday, where she will visit a few days.

Mrs. W. C. Martin, Mrs. James Gardner and Miss Nellie Neill of Arlington and Mrs. S. A. Hoppes of Lamoille and her guest, Mrs. Mae Slack of Chicago were guests at a 1 o'clock luncheon Tuesday at the home of Mrs. W. J. McCree of Tampico.

Mr. and Mrs. James Gardner and Miss Nellie Neill of Arlington and Mr. and Mrs. S. A. Hoppes of Lamoille attended the funeral of a cousin, John E. Barrett at Wheeling, Illinois on Sunday. Mr. Barrett was seventeen years old and was drowned while on a fishing trip with his father.

Mr. and Mrs. Hubert Gross and daughter Dorothy returned home Sunday evening from a 10 days trip east. They visited relatives at Springfield and Fostoria, Ohio, and Mr. and Mrs. Chester Stothard at Youngstown, Ohio, and also went to Niagara Falls.

At the drawing Friday evening at the ball games the following were winners: Harvey Hefner and Elmer Long, each received \$1. Stephen Hoppe and Donald Geiger, each \$2.50, and Mrs. Opal Shirley and Ethel Ferguson, each \$5.

Mr. and Mrs. John Atken and family attended a family reunion family attended a family picnic at Earlville on Sunday.

Several families moved to Lamoille on Monday. The men are going to repair the pavement.

William Telkamp returned to Lamoille Friday evening and this week Mr. and Mrs. Telkamp will take up housekeeping in the little home owned by Mrs. Harry Palmer, where they will remain until they move into their own home. Mr. and Mrs. Telkamp spent about 10 months at Rosemead, Calif., where he had work. On their way home Mrs. Telkamp and daughter Louise stopped at Peoria at the homes of Glenn and Ralph Telkamp.

Mrs. Mae Slack of Chicago is visiting this week at the home of her cousins, Mr. and Mrs. S. A. Hoppes.

William Fenton of Amboy will go to the homes with meat on Tuesdays, Thursdays and Saturdays during the absence of Albert McCray. Other days he will park on Main street for a few hours each morning.

Billie and Low Ann McCampbell

of Chicago are visiting this week at the home of their grandparents, Mr. and Mrs. John Pope.

Mrs. William Samuelson of Galva and daughter Helen of Chicago called on friends in Lamoille on Monday.

Mr. and Mrs. Henry Butler motored to DeSoto, Missouri on Saturday and returned home on Sunday. They went after Mrs. Butler's niece, Ruth Ogle, who will live with them again this year and attend school here. Mrs. Bert Barger went on the trip with them as far as St. Louis and spent her time with her daughter and husband, Mr. and Mrs. Ray Moen, who now live there.

Arthur Lefelman and Floyd Shirley returned home Wednesday from near Denver, Colorado, where they had spent several months working.

Miss Virginia Crossman and Francis Campbell Wed

The home of Mr. and Mrs. Dick Crossman, 4 1/2 miles south of Lamoille, was the scene of a very pretty wedding, Sunday, Aug. 29 at 3 p. m., when their daughter Virginia became the bride of Francis Campbell of Oswego, Illinois. Preceding the ceremony the following selections, "Speak to Me of Love," "O Promise Me" and "Calm as the Night" (in German) were sung by Mrs. A. D. Steckel, accompanied by the bride's grandmother, Mrs. Minnie Crossman. To the strains of Lohengrin's Wedding March the bridal party took their places, under a large white bell in front of an improvised altar formed with tall baskets of garden flowers. The impressive wedding ceremony was performed by Rev. R. Turnbull of Lamoille Baptist church.

The bride and groom were attended by Mr. and Mrs. Allan Campbell, brother and sister-in-law of the groom. The bride was lovely in a dress of beige alpaca, with carnation red accessories and a shoulder bouquet of tall-tan roses. The groom wore dark green wool crepe with gold accessories and a shoulder bouquet of pink rosebuds. The groom and his attendant wore brown.

Following the ceremony refreshments were served and according to the old custom a beautiful wedding cake was cut and served by the bride to the forty-five immediate relatives and friends.

The bride is a graduate of Lamoille community high school and also attended the state colleges at Normal and De Kalb, Illinois, and the University of Colorado. She taught two years in the Jay school southwest of Lamoille and for the past seven years has taught in the grade school at Oswego, Illinois. The groom is a young man of sterling qualities. He attended West High of Aurora and is now engaged in farming.

With the best wishes of their guests the young couple departed to spend a honeymoon of two weeks in Canada and the eastern states, after which they will be at home to their friends on a farm 3 miles southeast of Oswego, Illinois.

Out of town guests were: Mr. and Mrs. Jack Hill and Mrs. John Purvis of Chicago, Miss Retta Burnett of Joliet, Mr. and Mrs. W. E. Anderson and son Billy, Mr. and Mrs. James Campbell, Mr. and Mrs. Raymond Campbell and son Ray, Mr. and Mrs. Kenneth Campbell and family, Mr. and Mrs. Marion Steckel and family of Oswego, Mr. and Mrs. Wallace Ferguson of Joliet, and Mr. and Mrs. Robert Harvey of Naperville.

"The Last Lap"

In a long distance race it is usual to ring a bell when the runners enter the last lap or round of the track; in roughly 6 months we as a church will complete 100 years of service in the community—we enter so to speak the last lap.

Many runners save themselves for this last round; they draw upon reserve strength for a glorious finish; so we ask for an extra effort in every department of our church life.

Sunday—

Unified service of worship and study 10:00 a. m. Sermon theme: "The Nemesis of Neglect."

Young People's meeting 7:00 p. m.

Evening worship at 7:30 p. m. Sermon theme: "Timeless Questions from Jesus—No. 1."

There was a large crowd at the Pennsylvania picnic last Saturday despite the extreme heat. The orator of the day, Rev. J. M. Beck of Pearl City did honor to the Keystone state and thus another red-

BERLIN ENJOYS ITS SEPTENNIAL THIS SUMMER

Germany's Capital Is Venerable But Modern

Berlin is celebrating this summer, 700 years of history. The German capital, a metropolis of more than 4,000,000 people, recently donned holiday attire for a week when a Jubilee Exposition, a historical pageant, and a series of theatrical performances absorbed the attention of residents and drew thousands of outsiders to the city.

Berlin grew out of two fishing villages on the banks of the Spree River—Cölin and Berlin," says a bulletin from the Washington, D. C., headquarters of the National Geographic Society.

Phenomenal Growth in Last Century

Berlin's first mention was in 1244. Although Cölin was then seven years old, and it is really from the founding of Cölin that the modern Berlin is dated, the younger of the two villages, for reasons unknown to historians, gave its name to the city which rose from them.

The two villages, consolidated in the 14th century, gradually grew into towns and in the 16th century were favored with the first touch of governmental importance. It was then that the Elector of Brandenburg made the city his official residence. But even this distinction did not boom Berlin; it was not until the close of the Franco-Prussian War in 1870 that it leaped into prominence as one of the world's leading cities.

At the time of the death of Frederick the Great, census enumerators could count only 150,000 inhabitants. A few decades later there were the four million that Berlin grew itself, and while it grew, small towns were rising beyond its city limits. Gradually these were absorbed in Greater Berlin.

Business Spreads Over City

"Look down upon the German capital from the air today and you will be amazed by the vastness of the city. Its heart is where the Friedrich-Strasse and the Unter den Linden meet at right angles. From the intersection a network of avenues and cross streets leads to the east to the Spree and beyond. To the north and west the network extends to Berlin's principal park, the Tiergarten, which because Berliners enjoy its fresh air has been called the lungs of the city.

Industry and trade flourish in the capital. The business district is a constant scene of animation during the day. But Berlin also is a city of pleasure, for many of those who make it an industrial and commercial titan while the sun is high, spend the remainder of their waking hours in the city's amusement places. There are 118 theaters and many cafes where tired workers seek diversion.

"Berlin differs from many large cities of the world in that its business is not confined to a certain district, leaving other districts commercially lifeless. Spreading in every direction from the central axis of Friedrich-Strasse, Wilhelm-Strasse, and Unter den Linden, are quarters bristling with activity, each with its own peculiar character. Here is a block entirely devoted to the banking business, another block houses the clothing industry, while others are occupied by newspaper offices and exporters.

"In the shadow of skyscrapers are the government offices which constitute the fountainhead of German government. On Wilhelm-Strasse is the Palace of the Chancellor, the headquarters of the National Socialistic Party, and other government agencies.

"In recent years the German capital has made many changes. In addition to new imposing buildings, such as the Air Ministry, a new underground railway system connecting the northern and southern sections of the city is nearly completed."

thern sections of the city is nearly completed."

POLO NEWS

By Kathryn Keagy

Polo—Robert Johnson who was called to Twin Falls, Idaho several days ago on account of the serious accident of his brother in law, Robert Copenhaver and family, returned home Monday evening. He was accompanied by Jimmy Copenhaver. The remainder of the family are convalescing.

Miss Judith Brand entertained the following young people at the Pines Monday afternoon, honoring her cousin, Jack Vestal of Chicago: Elsie Jones, Jack and Dan Terry, Don Hurdle and Don Reed.

Mr. and Mrs. W. Howard Dennis and daughter Wilma and Mrs. Jennie Angle returned home Monday night from a motor trip through the east.

Tommy Buck submitted to a tonsillectomy at the Katherine Shaw

Betha hospital in Dixon Monday. Mr. and Mrs. Holly Adams left this morning for a several days visit in Iowa.

Health Director Stays 'Til Successor Comes

Springfield, Ill., Sept. 2.—(AP)—His successor still unchosen, Dr. Frank J. Jirka of Chicago is staying on the job as State Director of Public Health another week, he said. Dr. Jirka, whose resignation was to have been effective today, took his division chiefs to call on Governor Horner.

Before he returns to his private practice in Chicago, the director is to be guest at a farewell party here next Tuesday night.

Central Park, in New York City, is one of the best places in the United States for studying migratory birds.

Hannibal was only 33 years old when he won the battle of Cannae.

Equip Fire Escapes With Electric Sirens

Chicago, Sept. 2.—(AP)—An ordinance requiring fire escapes to be equipped with electric alarms is in the city council's latest move today in the campaign to stop attacks on women by degenerates.

Mayor Edward Kelly sponsored the legislation after a recent series of outrages by men who gained entry to women's rooms in hotels, apartments and hospitals by means of fire escapes.

The ordinance requires electric sirens or bells which would sound when a person treads on the lower steps of fire escapes.

If all the water in the world were put into a large glass bowl of spherical shape, the diameter of that sphere would be 900 miles, according to estimates.

The long-distance telephone service between Boston and New York was inaugurated on Feb. 7, 1893.

CORRECT CREAM HANDLING MEANS LARGER INCOME

Illinois College Expert Offers Suggestions to Dairymen

Proper handling of cream on Illinois farms would improve the quality and increase the demand for Illinois butter which now averages annually more than 67,000,000 pounds, according to M. J. Prucha, chief in dairy bacteriology, College of Agriculture, University of Illinois.

The extension service of the agricultural college is cooperating with the state and federal departments of agriculture in a concerted effort to improve the quality of cream produced and purchased in the state.

"Solution of the problem of eliminating poor quality cream lies in keeping cows clean, in keeping utensils clean and sweet smelling, in keeping cream cool—about 60 degrees Fahrenheit and lower if possible—and in delivering cream every other day," Prucha said.

"If such a program could be carried out on every farm, second class cream would disappear from the market, demand for Illinois butter would increase, cream prices would advance and cream producers would enjoy larger profits."

Defects in cream delivered to creameries, as listed by Prucha, are the presence of dirt in the cream, the presence of undesirable flavors and deterioration and spoilage caused by bacteria, yeasts and molds.

"Perhaps the worst cause of poor quality cream is age," Prucha said. "No matter how careful the dairymen may be, if cream is held too long and at temperatures at which bacteria grow, the cream will deteriorate and spoil."

"Cream delivered only once a week will always be of poor quality. Cream delivered even twice a week is often of fair to poor quality."

Regarding temperature at which cream is kept, Prucha pointed out that the colder cream is kept, the longer it will remain sweet.

COMPTON NEWS

By Mrs. Mary A. Donagh
Hospital Notes

Compton — Fred Ware of Mt. Morris, who is working on the construction gang north of Compton, was brought to the hospital Monday evening due to an auto and truck accident.

George Thier Jr., of West Brooklyn was injured by a heifer which he was preparing to show at the Dixon fair. Several stitches were required to close the wound.

Mr. and Mrs. William Archer and Mr. and Mrs. Loyd McDougall returned home Monday from a trip to Niagara Falls.

Mr. and Mrs. Harvey Cook spent a few days the past week in Wisconsin.

Returns from a Trip

Mr. and Mrs. Rolland Richardson, Hugh and Mrs. Hazel Kettley and children, Dorothy and Delos returned Friday night from a most interesting trip to the Bad Lands and the Black Hills. Through the Bad Lands we took the scenic road of forty-eight miles.

At Rapid City, South Dakota, the gateway to the Black Hills, we took the Skyline Drive where they have statues of dinosaurs, animals which inhabited the earth thousands of years ago.

Further north of Rapid City we saw the Timber of Ages, a petrified forest, the greatest of its kind in North America. The guide, who took us through the forest, would point out many interesting things about the trees, which were thousands of years old and turning to stone. In leaving this forest each

one received a souvenir of the petrified wood.

The Crystal Cave is located five and a half miles off Custer Battlefield highway. All the rooms in this cave are lined with crystal and have more rock formations than any cave known. On leaving this cave each one received a souvenir of crystal rock. This cave takes an hour to go through with a guide.

At Lead, South Dakota, you see the Home Steak Gold Mine. This trip takes an hour and a half, with the aid of a guide. We saw gold in the liquid form here.

After leaving Lead we drove south to the Needles highway. This is a very beautiful scenic route. The road goes to an elevation of about 7000 feet.

At Hot Springs, South Dakota, we saw the Sioux Indians re-enacting such old tribal ceremonies as the Sun Dance, the Omaha War Dance and various Indian songs. This was very interesting to all and especially the children.

The crops through Nebraska and South Dakota were terrible. The corn was all dried up and many places they had left their oats, not bothering to cut them.

As we got back to Iowa the crops began to look better. But to all of us the good old state of Illinois looked the best.

Church Notes

There will be Sunday school and church next Sunday, September 5th, at the usual hours. September is the Loyalty month of our church. Come and invite others to come with you. Vacations are now over and we should now come to church with renewed energy and a heart full of love for the work.

Luncheon Well Attended

We want to thank all who attended the luncheon and turned in their filled plates at the luncheon held at the church Wednesday afternoon, which was sponsored by the November committee of the Ladies Aid. The hostesses were Mrs. Nellie Bernardin, Mrs. Fannie Walter, Mrs. John Mehilbrech, Mrs. Mary Donagh, and Mrs. Elizabeth Banks.

Ladies Aid to Meet

The Ladies' Aid of the Methodist church will meet at the church Wednesday afternoon, September 8th. The new officers will have charge of this meeting. Business president, Mrs. Lulu Richardson; vice president, Mrs. Pauline Holden; social, Mrs. Dee Thompson; secretary, Mrs. Nellie Bernardin; and treasurer, Mrs. Eunice Stein.

MAYTOWN ITEMS

By Agnes McFadden

Maytown—Mr. and Mrs. Scott of Chicago spent the week end here at the home of Mr. and Mrs. Thos. McGovern.

Kathryn and Agnes McDermott of Aurora visited several days last week at the home of Mrs. Anna Ryan and other relatives here.

James and Isabelle Sharkey were Dixon business callers Saturday.

Mr. and Mrs. Ben Aubert were Amboy business callers Wednesday evening.

Mr. and Mrs. Justin Becker and

BOWMAN BROS ANNOUNCE A

SPECIAL SALE

Over One Thousand Pairs of SPORT SHOES

SPORT SHOES with young Ideas!

Starting Tomorrow, Sept. 3rd

A Fortunate Purchase Makes This Selling Possible!

Special Selling of School Shoes

In conjunction with our special sale of Women's Sport Shoes, we are starting our Big Promotion on Boys and Girls' School Shoes this week!

This whole page of the paper would be insufficient space in which to tell you about our great values in school shoes this Fall!

See our window display, and get our prices before you buy! We guarantee a saving on every pair! Over 60 styles from which to pick!

Prices—

\$1.98 \$3.95

We could go into detail and you all about how our buyers were able to get a special price on some over 10,000 pairs of Women's Sport Oxfords for our stores... but don't think you would be interested. What you want to know is what kind of shoes they are, and what savings you can make by purchasing our new Fall Sport Oxfords this week.

These shoes are all regular Bowman standard quality... Goodyear Welts (Goodyear welt means that they have leather insoles with sewed outer soles, making it possible to have them half-soled with cement or sewing... no nails necessary). They are of leather construction, genuine Oak Bend soles, rubber or leather heels, as you prefer. They are made by Brown Shoe Co., makers of the famous Buster Brown and Air Stop Shoes.

Over 50 Styles From Which to Choose

LEATHERS:	COLORS:	PATTERNS:
Calf	Black	Gillie Ties
Kid	Brown	Plain Lace
Stude	Green	Lace-to-Toe
Shagbuck	Burgundy	Buckle Straps
	Multicolor	Pump Straps

All Sizes from 2 1/2 to 10 1/2 Widths from AAAA-AAAAA to Wide SPECIAL PRICES \$2.98 \$3.50 \$3.95 and \$4.95

A grand selection! Every pair new 1937 Fall styles! Select yours now while sizes are unbroken! A small payment down will hold them for you! Every pair carefully fitted by X-Ray, the modern way! New Handbags and Hosiery to match! Be on hand Friday and Saturday! DR. BAIN, Foot Specialist — Call 285 for Appointment

THIS IS THE STORY OF JIM AND JOE
TWO GENTLEMEN WE KNOW YOU KNOW

No gasoline you can buy gives more miles per gallon than Standard Red Crown... Thousands say "it beats them all."

Joe, in a hurry, forgot last night to service his car—now see his plight! But Jimmy, the one with a face aglow, Checked over his car, found his oil was low. So he stopped at STANDARD for Iso-Vis And decided to see if more was amiss. Yes—plugs were faulty, lights were dim, The air in his tires was kinda slim. So the station man fixed this and that—Put everything right in nothing flat. Now he's rolling—he'll get where he's going While Joe, at the roadside, is certainly showing Why those who go places this Labor Day Should "STANDARDIZE" ere they get under way.

HINT Your car has led a strenuous life this summer. Is it up to the additional work you'll demand of it this Labor Day week-end? There's one way to be sure—let a Standard Oil Dealer check it over. If it needs no more than a clean windshield, water for the battery and radiator, air for the tires and such things, he'll fix you up without a penny's cost. But if the tires are worn—if oil needs changing—if the car needs chassis lubrication, if spark plugs or headlight bulbs should be replaced, have the work done by all means, and, of course, fill up with Standard Red Crown Gasoline. The good service and supplies you get under the Standard Service Sign will make your trip more enjoyable and less costly.

MORE THAN 23,000 STANDARD OIL DEALERS ARE AT YOUR SERVICE

HAVE YOUR LABOR DAY CHECK-UP DONE BY OUR EFFICIENT CREW

DO-NOTHING CONGRESS

Some of the comment following adjournment of congress played heavily on the note of a do-nothing record. We never are appalled at a congress that seems to "do nothing."

In the first instance is to be considered the large mass of bills that attend to the business of the United States. Many of them are not controversial, but they require attention to details in order that bad precedents are not established, in order that unguarded interests are not violated, and in order that they may be regarded as definitely within the range of business of the United States. Those are bills that are of only local consequence and receive no publicity outside of the localities concerned, even if they receive it there.

In years past we have had a multiplicity of such measures arising from needs of the government in the area traversed by the Mississippi and Rock rivers and the Hennepin canal, in this area.

When all such legislation has been attended to and in consideration of the detailed labor involved, the congress has performed a task of fair size.

As a matter of fact it is such measures rather than the ones involving great constitutional or economic issues that occupy the greatest amount of time of individual congressmen.

The so-called do-nothing congress that recently adjourned had performed its usual amount of tasks of that kind.

Then there is the credit to which a congress is entitled for what it does not do, as well as for what it does do. The same is due any legislative body, and is apparent to every one who glances over the grist of bills that have been introduced.

We feel no pangs of regret when we view the record of a congress that did not pass bills providing:

1. Packing of the supreme court.
2. Fixing of wages and hours for labor.
3. Crop insurance.
4. Extension of TVA to other parts of the United States.
5. Permanency for the civilian conservation corps.
6. Reorganization of executive departments to subject independent bureaus to power of the executive.

When we consider the fact that the congress was expected to place its rubber stamp on all this legislation, we may have hope that the legislative branch of the country finally is taking its place as one of the three separate departments of the government.

PAST RELATIONS BETWEEN BRITAIN AND JAPAN

If a British ambassador to China had suffered injury at Japanese hands fifteen years ago, it might have had some result on a beautiful friendship, for from 1902 to 1922 no closer diplomatic ties existed than those between London and Tokyo. In recent years, however, Great Britain and Japan have been steadily drifting apart.

In 1902 the British and the Japanese signed an offensive and defensive treaty of alliance. The treaty was a departure for both signatories. For Japan it represented the first formal bond with a European power. For Great Britain it represented a break with the British tradition of splendid isolation, and hence was to pave the way for the entente with France several years later. The Anglo-Japanese treaty gave Tokyo much needed diplomatic backing in her impending war against Russia. To London it gave another trump card in the move to check Russian aspiration toward a warm water port, toward commercial domination over China, toward the frontier of India. The treaty was renewed in 1905 and again in 1911.

Japan pointed to the obligations of the treaty as requiring her to enter the World War, even though the under-surface reason may have been desire to gain the German islands in the Pacific and the German-leased territory on Shantung. Japan was promised these objectives in the secret treaties signed among the allies during the war. After the United States entered the war, the United States (in the Lansing-Ishii agreement) conceded that Japan enjoyed "special interests" in China. Rumor at the time had it that London had persuaded Washington to make this concession as a war measure.

But after the war the United States looked with misgiving upon the joint obligations of the Anglo-Japanese alliance. And the keystone of the postwar British diplomatic arch was the closest possible friendship with the United States. The British had always excused the alliance as necessary to thwart German and Russian machinations in the far east, but now Germany and Russia were hors de combat. The British dominions also didn't like the implications of the treaty, and Great Britain was being more and more compelled to listen to the dominions.

These problems came to a head at the Washington conference on naval limitation in 1921-22. At the time the Japanese government was in the hands of men who were pacifically minded and were committed to concessions to the west. As a result, the Anglo-Japanese treaty was formally abrogated, not to be renewed. So was the Lansing-Ishii agreement. Shantung was to be returned to China. Japan signed various treaties agreeing to the status quo in the Pacific, to the territorial integrity of China, to Chinese tariff autonomy. Japan accepted a capital-ship allotment three-fifths that of Great

Britain and the United States; in return these two countries agreed not to strengthen their fortifications in the far east.

As the years rolled on, the Japanese government, became less conciliatory and relations with London, more strained. For one thing, Japanese textile mills were invading world markets with low-cost products, and that hit the British where it hurt. For another thing, the Japanese invasion of Manchuria and north China threatened the considerable British commercial interest in China. It was the British who took the lead in the league of nations in investigating Japanese aggression in China, and an Englishman headed the league commission which condemned Japan. So perhaps it is all the more unfortunate that a Japanese plane did not recognize the motor of the British ambassador.

Today's News From Amboy

By RUTH RUSSELL, Reporter

Amboy—Mrs. Harry Coons and Thomas Leppard of Rochelle, visited their parents, Mr. and Mrs. Tom Leppard, Sr. Sunday.

Mr. and Mrs. Elson Wagner, son Robert, and daughter Mary, accompanied by the former's brother and wife, Mr. and Mrs. O. Wagner of Prophetstown left Friday for a visit with relatives in Naperville, Ohio.

Rev. J. E. McIntyre, C. M., of St. Louis, Missouri, is spending his vacation with his parents, Mr. and Mrs. Hugh McIntyre.

Mary Eva Dyar, after spending two weeks camping at Schafer Lake, Monticello, Ind., returned to her teaching in Gary, Indiana.

Tom Powers submitted a tonsillectomy Tuesday at the Amboy hospital.

Mr. and Mrs. Frank Pfahler of Wilmette and Helen McIntyre of Dixon spent Sunday at the Hugh McIntyre home.

Richard Curtin was a Freeport caller Monday.

Mr. and Mrs. Thomas Leppard, son Tom, Mrs. Harry Coons, and Mr. and Mrs. K. S. MacKinnon visited friends in Dixon Sunday afternoon.

Ralph Keller has returned home after a week's vacation in Rock Island.

Mr. and Mrs. Tiny Underwood, son Lennie, and daughter Merilyn stopped at the Roy Russell home enroute to their home in Clinton, Ill., after spending their vacation with relatives in Wisconsin.

Walter Leppard of Ashton entered the Amboy hospital for treatment Monday.

Will Johnson of Binghampton underwent an operation at the Amboy hospital Tuesday morning.

Frank Murphy spent Wednesday in Chicago where he attended the All Star football game.

Wins Divorce From Illinois Housing Board Chairman

Waukegan, Ill., Sept. 2.—(AP)—Mrs. Marion R. Stern, daughter of the late Chicago philanthropist Julius Rosenwald, won an uncontested divorce from Alfred K. Stern, chairman of the Illinois state housing board and realty manager.

Circuit Judge Ralph Dady granted the decree on Mrs. Stern's testimony her husband deserted her in August, 1936. The court granted her custody of their two children, Alfred, 15, and Adele, 11, but gave Stern the right of visitation. The Sterns were married in 1921.

The planet Jupiter has a diameter 11 times that of the earth, yet it can be seen in daylight only under extremely favorable conditions, and then only by persons with exceptional eyesight.

Brain Twizzlers

By PROF. J. D. FLINT

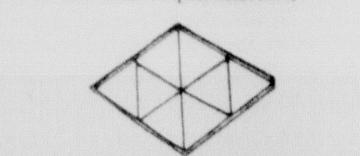

Walter Pagan, famous lawn polo player, was playing golf one lovely summer day. The yardage of the first nine holes ran, respectively, 300, 250, 200, 325, 275, 350, 225, 375, and 400. At the end of the ninth hole Mr. Pagan's caddy commented on a strange thing. He said that there was one member of the club who had practiced for years on a golf technique. He used only two kinds of shots drives and approach shots. All his shots were perfectly straight and the drives were always exactly the same length while his approach shots were of a different length themselves so that he always hit the ball one of . . .

What two dista . . . let him come out on a . . . d cut his score to a very . . .

ANSWER TO YESTERDAY'S TWIZZLER

Here is a way to design the window to fill the requirements.

(Continued From Page 1)

U. S. business and business opportunities are answered in a series of slim blue booklets now coming from the presses of the government printing office.

There is no charge for the documents. Just drop a line to your senator or congressman telling him what particular subject you are interested in, and he will send you a free copy.

The booklets constitute the most complete business census ever compiled by this or any other country. The survey was made by the U. S. census bureau with thousands of white-collar WPA workers doing the actual fact gathering by an office-to-office canvass.

The reports cover the calendar year 1935. On their hundreds of pages are to be found complete data on every type of industry and business establishment in the country, including addresses, income, number of employees and scope of operation. Most of the information has never before been available in so readily accessible a form.

Merry-Go-Round
Local legislators in the Virgin Islands, trying to boost tourist trade, want Congress to allow visitors to bring \$100 worth of liquor into the United States from the Islands duty free . . . The Cuban government has hired Nelson J. Riley, Washington newsman, to explain Colonel Batista's Three-Year Plan to the American people . . . The department of justice is still hot-foot after violators of the prohibition laws. The division of taxes and penalties has just rounded up an outfit that re-distilled grain alcohol for beverage use . . . Reports reaching the department of commerce from Italy indicate that manna, heaven-sent food of Biblical narrative, is being carried by merchants in "oversizeable stocks," which are "tending to depress the market."

LET'S EXPLORE YOUR MIND

A fascinating pastime with "THE MARKS OF A CLEAR MIND"

IS IT A SIGN OF WELL-BALANCED PERSONALITY TO ENJOY FREQUENTLY LOOKING OVER OLD ALBUMS, DIARIES AND "AMONG YOUR SOUVENIRS"? YES OR NO—

WHICH IS MORE IMPORTANT—WHAT PEOPLE BELIEVE TO BE TRUE—OR WHAT IS ACTUALLY TRUE? YOUR ANSWER—

WHEN FRIEND HUSBAND STARTS TELLING HIS OLD JOES TO GUESTS SHOULD WIFE (1) PRETEND TO ENJOY THEM AS THOUGH THEY WERE NEW; (2) FROWN AND LOOK BORED; (3) BAWL HIM OUT FOR TELLING OLD ONES? YOUR ANSWER—

COPYRIGHT 1937 JOHN F. DILLE CO.

"The keenest anguish, known to human nature is the pain of a new idea." (Bagehot). We hope this column brings you pain.

Answer to Question No. 1

1. It is a sign of old age is setting in—both mental and emotional old age. Of course, any one who does not enjoy to rummage around occasionally in old bureau drawers, attics, albums, letters, etc., and dig up old memories shows a lack of balanced personality; but if it becomes chronic it means the future has lost its inspiration. The future should always be more inspiring than the past.

Answer to Question No. 2

2. Let us answer by some simple examples. Something makes you believe your friend is untrue to you when he is not. Plainly your belief is the important thing. A second born child often believes it is not loved by its parents like the first born although the opposite may be the case. The child's belief—not the actuality—may shape the child's whole life. Beliefs, not facts, are the big things in life. Wars are based not on facts, but mostly on what people believe—chiefly what

Inventory Your Personality

Knowledge of your Emotional and Personality traits is of great value to you. Dr. Wiggam has persuaded one of America's greatest Universities to permit the offer of the Personality Schedule used by it in determining personality strengths and weaknesses of college students. This Personality Schedule was prepared by one of America's leading psychologists. It contains 220 scientifically tested questions designed to measure your Personality. A method of self-grading is provided. Knowing your strengths and weaknesses equips you for self-improvement. This Personality Schedule is yours upon request accompanied by stamped (3c) self-addressed return envelope, together ask for Personality Schedule with 10c in coin to cover actual costs. Address Dr. Albert E. Wiggam, care of this newspaper.

their leaders can hoodwink them into believing.

Answer to Question No. 3

3. The most frequent answer is No. 1, although a few wives—either very dominating and belligerent reformers or else wives worn to a frazzle by his old jokes, choose No. 3. But one man writes, "My wife pretends to enjoy my old standbys and after giving me a little curtain

lecture when we get home, plunges in reading the funny papers—(she even reads Exploring Your Mind) and tries to find some new ones for the next occasion. Keeps us both in good humor." There's a woman for you! That's one letter I certainly showed my wife.

Tomorrow: How about MENTAL telepathy?

Sports of Dixon and the World

GIANTS, CUBS NECK-NECK; RACE GOES ON

Terrymen Regain the Lead By Small Percentage

By BILL BONI
Associated Press Sports Writer

The National league inter-sectional series that were supposed to provide so much of the answer to the still-present question, "Who's going to cop the pennant?" ends today.

But as far as any decisive settlement of the issue is concerned, everything is a clear as this morning's coffee grounds.

The Cubs, back on top by those same two percentage points that separated them from the Cubs on Tuesday night, planned to send Harry Gumbert against the Cardinals in the final engagement of their series that stands deadlocked at one-all at the result of the Terrymen's 7-3 win yesterday.

The Cubs, drubbed by the Dodgers in the second encounter of their three-game set, 6-4, pinned their hopes on Bill Lee in their season's farewell—barring appearance in the World Series—to the east.

The Giants profited yesterday from another neat pitching job by Hal Schumacher and Mel Ott's 29th homer that put him one up on Ducky Medwick to celebrate the announcement of Boss Bill Terry's new five-year contract.

Cards 7½ Games Behind

That drubbing by the Giants dropped the Cards 7½ games off the pace, while the once-threatening Pirates, losing their seventh straight to the Phils by 5-3, now are 11 games behind.

That's the same margin that continues to split the American league-leading Yanks from the Tigers. Denny Galehouse of the Indians stopped the Ruppert riot squad with seven hits, 4-2, but at the same time the Tigers were bowing, 8-2, to some very fine elbowing by Wes Ferrell and hard hitting by the other Senators.

In the National league the Bees and Reds swapped good pitching. Paul Derringer checking Boston, 2-1, on six hits, and Lou Fette returning the compliment for the Bees, 4-1, on eight.

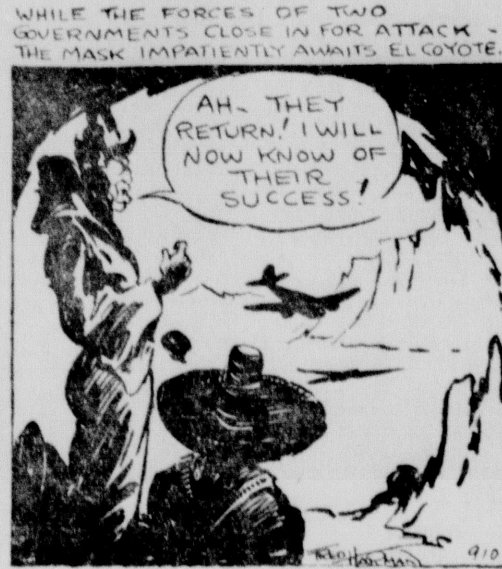

Rain stopped the Red Sox-White Sox doubleheader, but not before Lefty Grove had won a six-inning, 2-0, shutout. The Athletics sneaked out of the cellar and dropped the Browns in by trimming them, 5-2.

The United States has 14 Roman Catholic archbishops, 107 bishops, and 31,649 priests.

BRONC PEELER

Ready for Action

WESTERN GOLF MEET GOES TO MATCH PLAY

Atlanta, And L. S. U. Aces Are Pacing 64 Survivors

Los Angeles, Sept. 2.—(AP)—The western amateur golf championship pronounced with a decided southern accent in the qualifying play, swung into match play today.

Western players—and those from the east, too—after being denied any special recognition in the two days of medal play, sought to determine if the tourney is to continue to be "western" in name only, come Sunday night.

Pacing the field of 64 survivors were Charles Yates of Atlanta, who walked off with medalist honors, yesterday; and Paul Leslie, Louisiana State, defending champion, who did not have to qualify.

Yates took the Los Angeles Country club course apart yesterday as he fired a scizzing 67.

Four Under Par

This was four under par, which, with his sub-par 70 of the opening day, gave him a five-stroke bulge on perfect figures and a lead of four strokes over Bob Servis, former amateur champion of Ohio. The rugged Dayton youth was the only other player in the field of 155 who could beat standard figures for 36 holes.

Servis put a 69 yesterday to his 72 on the opening day for 141. Wierford Wehrle, Racine, Wis., was third with 143. So intense was the competition at the end, 18 players with cards of 154 had to play off for the last two spots in the bracket.

Bitterly contested matches were in store.

Parings included: Gus Moreland, Peoria, Ill., 130, vs. Jim Black, St. Louis, 150.

feature event of the national rifle matches here.

The Detroit police team set a new world's record yesterday in winning the interstate and inter-service revolver five man team match with a score of 1,400 out of a possible 1,500.

Other winners included: Randle trophy two-man team—V. J. Tieffenbrunn and Earl Mercier, East Alton, Ill. Fifty meter doubles—W. N. Woodring and G. Brown, East Alton, Ill.

Oil was regarded as a nuisance by American brine-well operators in early days, because the fluid contaminated the salt beds, forcing abandonment of many salt sources.

Slingin' Sam Proves Hero Of All-Stars as College Eleven Beats Green Bay

Stars' 6-0 Victory First Turned In Over Pro Team

Chicago, Sept. 2.—(AP)—Samuel Adrian Baugh—"Slingin' Sam" of Texas Christian University—is all the football player anybody ever said he was, as the professional champion Green Bay Packers will arise en masse to attest.

The Packers had heard about Baugh, but they had to wait until last night at Soldier field, with a thrilled throng of 85,560 fans looking on to get it first hand. They became the first professional team to take a beating from an All-Star college aggregation, and it was Baugh who was the number one hero of the Collegians' 6 to 0 triumph.

The former Texas Christian ace was expected to give Green Bay's Arnie Herber quite a battle at passing, but he wound up by outshining his professional rival at throwing the football when the blue chips were down, and did a lot of other things besides.

Quick Kick Opens Drive

Early in the first period, Baugh, director of the battle plan laid out by Coach Charles E. (Gus) Dorais of the University of Detroit, head of the All Star board of strategy, started the one successful thrust of the night, by a quick kick over the Packer goal line. The return boot by Clarke Hinkle, the Packers' great fullback, went out of bounds on the collegians' 48-yard line.

Baugh called two running plays, then electrified the huge crowd by uncorking the payoff pass of the game, a 20-yard shot to Gaynell Tinsley, Louisiana State's All-America end. Tinsley caught the ball 28 yards from the Packer goal, executed a neat change of pace to

leave Hank Bruder clawing air, and raced to the touchdown.

Sam Francis, Nebraska's All-America fullback failed on the try for the extra point, but it was never missed as the All-Stars, with Baugh one of the main characters, played an almost airtight defensive game the rest of the way.

The professional champions tried everything in their bag of tricks to fight their way back to victory. With Herber firing passes and George Sauer and Joe Laws running with the ball, they outgamed the Collegians in first downs, 17 to 8, and in total yardage, 343 to 185, but their best was a rousing 73-yard drive that fell three yards short of a touchdown in the second period.

20-Yard Pass

A 20-yard pass by Herber to his famous battery mate, Don Hutson, who ran another 20 yards before he was brought down, took the ball to the all-star line. The one big Packer opportunity was snuffed out, however, when John Drake of Purdue nailed Hutson, who had snagged Herber's fourth down pass on the three yard line.

Baugh intercepted one of Herber's long shots in the third period and ran it back 22 yards and out of danger. He snatched another in the final session, and on and off, turned in a brilliant exhibition of punting and tackling. Herber was forced out of action in the third quarter by a badly wrenched right shoulder.

In spite of his brilliance on the gridiron, no team in the pro league will have the use of Baugh's remarkable talents. Instead of playing the game for dough, he has signed a contract with the St. Louis Cardinals as an infielder, and will confine his football to coaching.

New Yorker Sweeps Into Chess Tourney 4 Lead In Round Nine

Chicago, Sept. 2.—(AP)—David S. Poland, of New York, was the American chess federation championship tournament's new leader today as play went into the ninth round.

Here and There In Sports World

By EDDIE BRIETZ

New York, Sept. 2.—(AP)—Max Schmeling is convinced the crowd controlling Joe Louis is freeing him out of a return match because they are afraid he'll lick Joe again and romp off with the title. Thus knocking them out of a lot of gray. Max will return home any day now with his own ideas of American sportsmanship and fair play. Baron Gottfried Von Cramm not only will add a lot of tone to the national singles tennis championships at Forest Hills, but he's liable to win the singles. If not, why is Don Budge no better than an even money choice?

Lou Gehrig, the iron man of the Yankees, picked up two checks this week, but hurled 'em both back at the pitcher. Lou lectured as a "professor" at Columbia university's baseball school and was rewarded with a check. He returned it, saying he was a Columbia man and happy to appear gratis. Lou received another check from his radio sponsor for the broadcast on which the slugger pulled his well-known bow by naming the wrong breakfast food. He returned this one, also. The sponsor returned the check with a letter saying every ball player is entitled to three strikes—so this time Lou banked it.

Too bad they overlooked John Henry Lewis, the light heavyweight king (and a real champ) when presenting the champions at the Yankee stadium Monday night. Bill Terry's new Giant contract puts him ahead of Mickey Cochrane in the managerial salary race. Tommy Farr begins his theatrical "career" with a routine on the steel pier at Atlantic City Saturday night. "Dodgers set to take hand in National league flag race," says a New York headline. Oh yeah? What's this about Col. E. R. Bradley starting a nag whose name didn't begin with "B" on the last day at Saratoga? The horse was Airgala.

Yesterdays Stars

(By The Associated Press)

Mel Ott and Hal Schumacher, of Giants—Former's homer with two on clinched 7-3 defeat of Cardinals; latter blanked Cards in seven of nine innings, gave nine hits.

Lefty Grove, Red Sox—Fanned four in six innings while pitching 5-hit, 20-shutout against White Sox.

Wally Moses, Athletics—Homer with two on brought A's out of cellar with 5-2 victory over Browns.

Paul Derringer, Reds, and Lou Fette, Bees—Former turned in six-hitter in winning opener, 5-1; latter held Reds to eight hits and drove in clinching runs as Bees won 4-1.

Earl Grace, Phillies—Eighth-inning four-bagger with man on broke tie and stopped Pirates 9-3.

Max Butcher, Dodgers—Two-inning relief job stopped Cubs, 6-4.

Hal Trosky and Denny Galehouse—Indians—Former led 10-hit attack with three singles and scored two runs; latter held Yanks to seven hits in 4-2 victory.

Wes Ferrell, Senators—Blanked Tigers for first seven innings and allowed five hits in 8-2 triumph.

Braddock And Baer Sign Contract For Bout October 29th

New York, Sept. 2.—(AP)—Contracts were signed formally today for a 15-round heavyweight bout between James J. Braddock and Max Baer, both former champions, in Madison Square Garden, October 29.

Mike Jacobs, whose 20th Century Sporting club will promote the fight, said it would be the first in a tournament from which an opponent for Champion Joe Louis will be selected.

An infant born in Melbourne, Australia, in 1935, is said to be the biggest new-born baby in the world. Weighing 15 1-2 pounds at birth, he measured 24 1-2 inches in length, and 10 3-4 inches around the chest.

SIR MALCOLM CRACKS WATER SPEED RECORD

Motorboat Bluebird Makes 129.4164 Miles An Hour

Locarno, Switzerland, Sept. 2.—(AP)—Picking up where he left off yesterday, Sir Malcolm Campbell, British speed king, boosted the world's motorboat record to 129.4164 miles per hour on Lake Maggiore today.

Finding water conditions favorable this morning, the British sportsman, holder of the world's land speed mark of 301.13 M. P. H., sent his single-engine unlimited hydroplane, Bluebird, twice over the measured course to crack the motorboat record he had set up yesterday by a comfortable margin.

Gar Wood Former Holder

On the outward trip, Sir Malcolm travelled at a clip of 130.3479 M. P. H. Coming back his pace fell off to 128.4849 M. P. H. But his average of 129.4164 was well beyond the record of 125.7959 he established yesterday. Gar Wood, Detroit veteran, set the former standard of 124.86 M. P. H. at Algonac, Mich., in 1932 with his four-engine Miss America X.

Sir Malcolm's metric times today were 2:09.90 kilometers per hour and 2:06.90 K. P. H. for an average of 208.40 K. P. H.

The Briton's new record will be submitted to the International Motor Yachting union at Brussels for ratification.

The water of Victoria Falls does not drop into a wide basin, as does that of Niagara, but dashes against the steep wall just opposite, with such force that mist rises high into the air, like smoke, and is visible for miles.

Pirates Defeat Tigers; Darkness Ends Tilt In 4th

In the game played Wednesday evening between the Pirates and the Tigers, the score was 8 to 6 in favor of the Pirates.

Merlin Wickert, catcher for the Tigers made an outstanding running catch of a high foul, which was the third out of the fourth inning. Much to the disappointment of members of both teams, it was necessary to call the game owing to darkness.

Nation's Marksmen Battle It Out For President's Trophy

Camp Perry, O., Sept. 2.—(AP)—The cream of the nation's marksmen battled it out on the difficult 1,000-yard range today for first place in the president's match.

Other winners included: Randle trophy two-man team—V. J. Tieffenbrunn and Earl Mercier, East Alton, Ill. Fifty meter doubles—W. N. Woodring and G. Brown, East Alton, Ill.

AFTER A TOUGH RUN

After the heat, and the grime, and the nerve-strain, you've earned a wholesome, hearty thirst for this wholesome, hearty beer. So—slow down and ease off with a cool, beady stein of Patrick Henry.

This is the beer with the ale base, to make it smoother and mellower. It's the beer that creams and sparkles naturally... it "sets good." And it's the grandest-tasting beer in town. You'll say so, too.

Stop in tonight at your favorite place and take home some Patrick Henry. Comes in 12-oz. steinies and regular tall bottles; and 32-oz. "whoppers"... to treat your family and friends. Pleasant evening to you, Mister!... Kiley Brewing Company, Inc., Marion, Indiana; Masters of All Brewing—Beer, Ale, Stout, Half-and-Half.

PERSONAL PARAGRAPHS

Mr. and Mrs. W. W. Ferguson and son Bill and Mr. and Mrs. Milton Ferguson are spending several days visiting at the home of Mr. and Mrs. Frank Dorschbach.

John Seifkin of South Dixon has accepted a position in the Kline department store.

—Lost Thursday between Dixon National Bank and Illinois Northern Utility offices two \$5 bills, Phone 305. Wanda Langhof, 20711.

All-Star-Packers football game at Soldier Field in Chicago last evening.

Attorney Martin Gannon and son Jack and Joe Judge were in Chicago yesterday and attended the White Sox-Red Sox baseball game.

Mrs. Guy Dart of Chicago expects to leave soon for Miami, Fla., where the Walgreen Co. is opening a super-store.

—Lawyers bring your briefs and commercial printing to the B. F. S. Printing Co. Printers for over 85 years.

Mr. and Mrs. C. R. Walgreen with Chicago friends will spend Labor Day at Hazelwood.

Gene Miners of Rockford is visiting her aunt and uncle, Mr. and Mrs. Harry Miller.

Clarence F. Lang of Polo is a surgical patient at the Katherine Shaw Bethel hospital.

Mrs. Harold Foster is a surgical patient at the K. S. B. hospital.

—Let us do your commercial printing. Printers for over 85 years—B. F. Shaw Print. Co.

Rev. and Mrs. Earl Edwards of Geneva visited at the A. E. Marth home for dinner yesterday.

Rev. Paul Thompson and family of Conway Springs, Kan., are visiting his parents, Rev. and Mrs. W. E. Thompson in Dixon a few days. He will go from here to Peoria for a revival meeting.

Mrs. John Gatz of Palmira township was a business visitor in Dixon today.

Ed Kinney left Wednesday night for the University of Chicago, where he will enter the medical school.

Mrs. Harold Foster submitted to a major operation in Katherine Shaw Bethel hospital this morning.

Miss Jeanette Whitman of Rockford is visiting her aunt and uncle, Mr. and Mrs. Don Rein here.

Wants First Three Wives To Decide Alimony To 4th

New York, Sept. 2—(AP)—Tommy Manville, heir to asbestos millions, wants a jury to decide how much he will pay his fourth wife for a divorce—a jury made up of his first three wives.

The gray-haired Broadway playboy thought up the idea after he said his "high-priced lawyers" had been unable to reach an agreement with Marcelle Edwards, his current better half.

"Marcelle was willing to take \$100,000 once, but she changed her mind after going to Reno," he said.

"I'm going to ask my first three wives to get together with her and work out a fair payment."

American Press Called Thorough, Competent, Honest

Williamstown, Mass., Sept. 2—(AP)—The American press was described today as "the most thorough, competent and honest that this country has ever known."

By Wilbur Forrest, executive assistant to Ogden Reid, president and publisher of the New York Herald-Tribune.

Forrest made his assertion in an address prepared for delivery at a round table discussion on the press at the institute of human relations.

Washington Hears Illinois Boy Held By Spanish Rebels

Washington, Sept. 2—(AP)—The state department said today it had learned Spanish rebels were holding Harold E. Dahl, Champaign, Ill., aviator, for undisclosed activities in Spain's civil war.

Department officials said they were investigating thoroughly reports of Dahl's arrest but declined to say whether this government might intervene in his behalf.

ILLINOIS V. F. W. SCORE Buffalo, N. Y.—(AP)—The Elevator Operators and Starters Post band of Chicago won the Veterans of Foreign Wars national band contest and the Wayne County Council post of Detroit captured first place for senior drum corps. Both received \$1000. The Elgin, Ill., post 1037 won \$100 when it placed second in the ladies' drill team competition.

FOUR HARNESS STAKES THRILL OHIO FAIR FANS

Columbus, O., Sept. 2—(AP)—Four stakes gave harness racing fans a gala Grand Circuit program at the Ohio State fair today.

The card included a 2:13 trot for a \$2000 stake, a two-year-old trot stake for a \$2000 purse, the Governor of Ohio stake for Ohio-owned three-year-old trotters with a purse of \$1500, and the three-year-old pace for \$1000.

Twelve thousand spectators saw Dean Hanover, the former Mr. Watt which was sold for \$410 and later repurchased by the Hanover Pa. farms, walk off with yesterday's three-year-old trot, which carried a \$2000 purse. The unforsaken best time was 2:06. Thomas was the driver.

The Geers Memorial stake with a \$4631 purse for two-year-old pacers went to Chief Counsel, owned by B. C. Mayo, of Tarboro, N. C., and driven by Hugh Parshall, in two straight heats. The best time was 2:09.

Uromotore, owned and driven by Parshall of Urbana, O., took the \$1000 Director of Agriculture stake for two-year-old trotters. Best time was 2:10.

Lone Ace, owned by the Baker stables and reined by Sep. Palm, took the 2:14 class pace in three straight heats. The purse was \$500 and the best time was 2:04 1/4.

New London School Blast Damage Suits On File In Court

Henderson, Texas, Sept. 2—(AP)—Suits seeking damages for the death of three children in the New London school explosion March 18 were on file in district court here today.

The pleadings, filed by an Oklahoma City law firm yesterday, named the Parade Gasoline Company, a Delaware Corporation operating in Texas, as defendant, alleging carelessness and negligence and failure to inspect properly a connection in the school building with a high pressure butane gas pipeline.

Damages of \$15,000 were asked by Mr. and Mrs. J. H. Smith of Talco, Texas, for the death of their daughter, Iva Joe Smith, aged 12; \$2,999.99 by Mr. and Mrs. Smith for another daughter, Naomi Jewel Smith, 10, and \$2,999.99 by Mr. and Mrs. W. D. Bunting of the London community for their daughter, Naomi Bunting, 18.

"Champ" Is Ally In Fight On Drug Habit

Minneapolis, Sept. 2—(AP)—Medical science today was offered, in the chimpanzee, a new ally to fight the human narcotic habit. It is the first animal found to be capable of taking morphine like a human and having all of man's reactions.

The discovery, made by turning four "chimps" into narcotic addicts, was reported to the American Psychological association by S. D. Shurley Sprague, of the Yale Laboratories on Primate Biology at Winter Park, Fla.

SKREET SHOOTERS NEARING CLIMAX OF U. S. TOURNEY

Detroit, Sept. 2—(AP)—The skeet shooters, who, unlike their brothers, the trapshooters, fire away for trophies rather than cash awards, started the three-day 250-target all-gauge marathon, concluding event of the third national championships, today at the Blue Rock Gun club.

The defending champion is 15-year-old Richard Shaughnessy, of Dedham, Mass. Shaughnessy won the all-gauge and junior titles last year as he led a cavalcade of youth into possession of seven national titles.

The veterans continued their return to skeet's throne room Wednesday when Frank R. Kelly, of West Orange, N. C., won the 20 gauge championship. Kelly, named captain of the 1936 All-American skeet team although he had never won a national title, had to break 25 straight in a shootoff with Jackie Horton, 13-year-old national junior champion, of Edgewood, R. I., and Carl L. Schweidler, also of West Orange, N. J.

Each gunner broke 99 straight in the regulation event. In the shoot-off, Kelly broke 25 straight while his foe dropped a target each. In a shootoff for second place, Horton broke 25 in a row to win.

Seven marksmen tied at 98 in the 20 gauge event. They included: D. F. Rice, Wheaton, Ill.

Seek Stabilization Of Ill. Liquor Prices

Chicago, Sept. 2—(AP)—A newly appointed committee swung into action today in stabilizing retail prices of beer and liquor in Illinois.

The committee, appointed by Edward A. Meyer, secretary of the Retail Liquor Dealers Protective association of Illinois, will enlist the help of brewers, distillers, distributors and wholesalers in formulating a price code.

In addition to Meyer, committee members are: Joseph Hoss, of Morton Grove, chairman; John Pahr, Chicago; Frank Vidmar, Lyons; R. H. Lindblom, Rockford; V. L. Allen, Rock Island; Bernard Mulcahy, Joliet; John Chromis, Westville; Mike Brodbeck, Peoria; Frank Butera, Waukegan and Matthew Kloefer, Pana.

Meyer said the committee would file its report at the association's convention in Chicago, Sept. 28 and 29.

A code abolishing "nickel" beer and setting up uniform prices for liquor sold by the drink was adopted recently by 6,000 tavern owners, who are members of the association.

Ill. Production Of Electricity Gains

Washington, Sept. 2—(AP)—The Federal power commission made public today figures showing that electricity produced in Illinois for public use increased from 574,964,000 kilowatt hours in May, 1937 to 678,250,000 kilowatt hours in July of this year.

The increase was part of what the commission chairman, Frank R. McNinch, called an "unprecedented peak of 17,994,000,000 kilowatt hours" produced for public use in the United States during the 12-month period ended July 31 last.

The figures did not include electric energy produced by street and interurban railways, electrified steam railroads and Federal, state and other plants.

The breakdown for Illinois showed most of the electricity was produced by fuel rather than by water power. The July figures were 7,769,000 by water power and 670,481,000 by fuels.

Polio Causes Death Of Child, Not Crash

Rockford, Ill., Sept. 2—(AP)—A post-mortem disclosed today that infantile paralysis and not automobile accident injuries caused the death of Thomas E. Gordon, four months old.

The baby was being taken to a hospital by his mother, Mrs. Marguerite Gordon, yesterday when the taxi cab in which they were riding was involved in a collision. Police, called to the scene, found the child dead and believed it had been fatally injured in the accident.

Dr. Warren C. Ives, Winnebago county coroner, said later that infantile paralysis caused the baby's death.

Mrs. Gordon said she believed her son was suffering from a cold.

ILLINOIS STOCK WINS

Des Moines, Ia.—(AP)—Charles Gorrell, of Caledonia, Ill., exhibited the grand champion Tamworth boar at the Iowa state fair and H. O. Olson, of Altoona, Ill., showed a grand champion red polled female.

Alienation

Hollywood, Sept. 2—(AP)—July Canova, hillbilly singer, has broken her engagement to ventriloquist Edgar Berger, blaming dummy Charlie McCarthy for the cooling of a three-year romance.

She said she didn't like "playing second fiddle" to the wooden-headed little fellow that Berger made into a radio favorite.

"It's an obsession with Eddie," she added. "He thinks and talks of nothing but Charlie."

Bergen and the Pensacola, Fla. commedienne, first met in New York. Since both came to Hollywood, he has been her constant escort.

Their estrangement came to light when Miss Canova balked at posing with Bergen for a studio photographer.

"Eddie can stuff his old dummy in his trunk and get in with him," she announced, apparently on the verge of tears.

SLUMCLEARANCE BILL GETS THE PRESIDENT'S O.K.

Hyde Park, N. Y., Sept. 2—(AP)—President Roosevelt announced today his approval of the Wagner-Steagall bill launching a \$526,000,000 experiment in Federal-local slum clearance and low-rent housing construction.

He also signed a Senate bill authorizing a government monopoly in the production of helium and changing export rules to permit its sale to foreign countries in restricted quantities for commercial or medical purposes.

Agitation for loosening existing restrictions on export of this non-inflammable gas began soon after the German dirigible Hindenburg crashed in flames after an explosion at Lakehurst, N. J.

Under the new act, no helium purchased abroad could be used for military purposes and all foreign sales would have to be approved first by six government agencies, including the War and Navy departments.

The Loan-Grant Housing act, carrying out one of the President's campaign promises, creates a United States housing authority in the Department of the Interior with an initial capital of \$1,000,000 already appropriated.

It also authorizes up to \$500,000 in government-guaranteed bonds to raise funds for loans and an additional appropriation of \$25,000,000 for grants. Funds for grants proponents of the act say, will not be needed until actual construction is well under way.

The housing authority may lend to public housing agencies up to 90 per cent of the cost of the projects.

Terry Baseball's Highest Salaried Manager For 1938

New York, Sept. 2—(AP)—Win or lose in his current bid to pilot the New York Giants to their third National League pennant in five seasons, Memphis Bill Terry will be baseball's highest-paid manager in 1938.

He will be, that is, unless his neighboring rival, Joe McCarthy of the world champion Yankees, gets his stipend substantially increased as a reward for present and pending accomplishments.

McCarthy now is getting \$35,000 a year to Terry's \$27,500 but under the terms of a new five-year contract, effective next season, the pilot of the Giants will, it is believed, be paid \$40,000 annually.

Under his new contract, which displaces a five-year document that had one more year to run, Terry will become general manager of the Giants, besides continuing to direct the club on the field.

Relief Clients May Have Autos By Town Board's Dispensation

Rockford, Ill., Sept. 2—(AP)—Relief clients in the town of Rockford henceforth may have automobiles, as well as assistance only, at the dispensation of the town board.

Recently the board voted to withhold relief to automobile owners. Last night it reconsidered and agreed to decide the merits of each case.

CARD OF THANKS

We wish to acknowledge with sincere thanks the kindly expressions of sympathy extended to us in our recent bereavement, the death of our son. Also to give thanks for the singing, the beautiful floral offerings, to the drivers of the cars and for the use of the cars.

Mr. and Mrs. Ralph W. Spielman and Family.

COTTON YIELD TO AFFECT '37 SOYBEAN PRICE

Illinois Farmers Concerned With Crop in South

With a record 1937 crop of more than 2,000,000 acres of soybeans, Illinois farmers are eyeing with interest the prospective large cotton crop of southern farmers since soybeans compete in industry with both cottonseed oil and meal. It is explained by L. J. Norton, chief in agricultural marketing, college of Agriculture, University of Illinois.

"Prospective supplies of cottonseed cake and meal for the 1937-38 season may total about 2,500,000 tons if the average August 1 forecast of cotton production is realized," Norton stated referring to the weekly feed market review of the U. S. Bureau of Agricultural Economics.

This quantity of cake and meal would be almost a fourth larger than that produced during 1936-37, two-fifths larger than the 1935-36 output and more than one-half larger than the 1934-35 production, it is explained.

Export demand for domestic cottonseed cake and meal will likely be much smaller than the demand that prevailed before 1934, since cotton production has expanded materially in other countries.

A somewhat smaller demand for both cottonseed and soybean meal in this country is indicated by prospects of a good corn crop together with a shortage of livestock, Norton explained.

However, he anticipates a relatively better price for soybean oil than for meal. Reasons for this are found in new uses that have been developed for soybean oil, shortage of lard which will increase demands for substitute vegetable oils and the greater demand for fats and oils during more prosperous times.

Future prices of beans have tended to adjust themselves to the probable lower value of the products, he pointed out.

CARD OF THANKS

We wish to express our deep feeling of gratitude to the many friends and neighbors for their deeds of kindness shown us during the illness and death of our dear husband, father and son. We also want to thank those who sent floral tributes.

Society News

Pickles

When homemakers desire deep red pickles for winter meals, there are three things which they can do, announces Miss Grace Armstrong, extension specialist in foods, college of agriculture, University of Illinois.

First, start with a deep red pickle; second, avoid using hard water since the alkali in the hard water may change the red color to a blue or purple; third, use vinegar since the acid will neutralize the alkali in the water. About two tablespoons of vinegar to a quart of beets is recommended.

Miss Armstrong finds that the addition of sugar, salt, cloves and bayleaf improves the taste of the pickle, immeasurably.

All good pickling as well as canning is achieved by knowing the product and using the right can-

ning equipment. Prior to doing any pickling, procure enamelware kettles since the acid will not attack them; use an enamel or wooden spoon and sterilize jars or crocks thoroughly.

Other vegetables which may be pickled are onions, carrots, cauliflower, tomatoes and corn. A nicer looking product is achieved if the vegetables are graded as to size, shape and maturity. Also the pickling liquid seasons them evenly. Good quality fresh vinegar is an asset. Some homemakers who like to maintain the white color of the pearl onion, or cauliflower or pear, prefer to use the white, distilled vinegar.

PRESBYTERIAN AUXILIARY MEETS TUESDAY

The Presbyterian auxiliary will meet at 7:30 o'clock Tuesday evening with Mrs. W. C. Kleaveland, 818 Peoria avenue.

OFF TO SCHOOL?

Are you going to college this fall? The Telegraph is compiling a list of all students who are either entering or returning to college this fall.

The list is growing daily but in order to miss no one we urge you to inform us if you will be away to school.

Call Don Danielson at the Telegraph and give your name and name of school, please.

Mrs. Addie Ross Honored on Sunday

The following guests helped Mrs. Addie Ross celebrate her birthday anniversary with a scramble supper at Amboy park Sunday, Aug. 29: Mrs. James Abbott, Mr. and Mrs. Bert Heatherington, Mr. and Mrs. P. G. Tyrrell, Mr. and Mrs. Hie Seibers, Mr. and Mrs. Arthur Kessel and children Darlene and Emil, Mr. and Mrs. Albert Molek, Mrs. Rosema Kessel, Mr. and Mrs. Dale Seibers, and Alvin E. Derr, all of Amboy; Mrs. Emma Smith of Aurora; Mr. and Mrs. Frank Ross and son Donald of Franklin Grove; Elmer J. Ross of Decatur; Wesley Ross of Dixon; Miss Bonnie Keefe of Maple Park; Mrs. Minnie Ross of Carthage, S. D.; Mr. and Mrs. Harry McCann and children, Earl, Lucile, Louise and Jack of Steward; Mr. and Mrs. Guy Archer and son Wayne and Charles Stout of Compton; Mr. and Mrs. Henry July and son Orville, Mrs. Evelyn Ostewig and children James, Ronald and Deiores, Mr. and Mrs. Wilbur Rhoads, Mr. and Mrs. John Derr, and Mr. and Mrs. Marvin Bernardin and son Everett, all of West Brooklyn.

The afternoon was spent in a social way. Ice cream and cake were served and the honored guest received many birthday gifts. Late in the afternoon the guests departed for their home wishing Mrs. Ross many more happy birthdays.

Dorothy Chapter Members Invited To 6:30 Supper

Members of Dorothy Chapter O. E. S. together with their families are invited to attend the scramble supper to be served in the Brinton Memorial Masonic Temple, at 6:30 P. M. Friday, September 3.

Any Eastern Star visitor in Dixon is cordially invited to spend a pleasant evening with the local O. E. S. Following the supper, a stated meeting will be held at 8 P. M. at which a large attendance is desired.

Returns From Trip In Eastern States

Mrs. Blanche Bender has returned from a vacation trip touring the eastern states including Pittsburgh, Washington, D. C., Philadelphia, Atlantic City, New York City. The trip was made from New York to Albany by steamer on the Hudson river, the most scenic trip in America, then to Niagara Falls.

The trip from Buffalo to Detroit was made by steamer on the Great Lakes. Mrs. Bender reports a delightful trip as the weather in the east was ideal.

GIRL SCOUT EXECUTIVE RETURNS FROM "VACATION"

Miss Marie Kelly, Girl Scout executive for this district, has returned for another ten months of duty here. She came from her home in LaGrange where she has been spending a week and half vacation following a strenuous summer in girl's camps throughout the Great Lakes states.

PAST WORTHY MATRONS' NIGHT IS POSTPONED

Past Worthy Matrons' and Past Worthy Patrons' night in Dorothy Chapter, Order of the Eastern Star, which had been announced for Friday evening, September 17, has been postponed until further notice.

A. F. & A. M. There will be no meeting tonight of Friendship Lodge No. 7, A. F. & A. M.

R. A. M. FRIDAY EVE. Nachusa Lodge No. 56 R. A. M. will meet for degree work at 7 P. M. Friday. A good attendance is desired. Refreshments will be served.

Yellowstone became the first U. S. national park in 1872, at a time when it was not dreamed that a great system of national parks would be built up.

DIXON GRAD IS CHOSEN HEAD OF FARM MAGAZINE

George W. Kable Is Well Fitted For the Post

George W. Kable, a graduate of the North Dixon high school, yesterday began his duties as editor of "Electricity on the Farm," a monthly magazine to promote the use of electricity and issued by the Case-Shepherd-Mann Publishing corporation of New York.

Mr. Kable grew up in this farming community of northern Illinois where he worked as a hired hand on farms and in a blacksmith shop. During these activities he witnessed the many crude farming practices of the time and determined to fit himself to become a leader in more progressive farm operations and to promote better farm living conditions.

After his graduation here Mr. Kable attended the University of Washington, transferring after three years to the University of California where he received his B. S. degree in civil engineering.

While teaching at the New Mexico college of agriculture, he took a supplemental course in agriculture. Later at the University of Nebraska, he did graduate work in agricultural engineering and farm management. In 1936 he was accepted by the Iowa State college of agriculture as candidate for degree of A. E. which is in addition to his B. S. degree in civil engineering and his M. S. degree in agricultural engineering.

Mr. Kable has been engaged in numerous and various agricultural activities. He was manager of the famous Tres Tinos ranch at Three Rivers, N. M.; for three years agricultural engineer of Oregon Agricultural Experiment station, and director of Oregon Committee on Relation Electricity to Agriculture.

For five years from November, 1928, Mr. Kable was director of the National Rural Electric Project under the auspices of the N. E. L. A. and Utilities in Maryland and the District of Columbia.

He was director of research for the Committee on the Relation of Electricity to Agriculture and had charge of the CWA rural electrification survey of the United States with the bureau of home economics, U. S. D. A.

In all of these activities Mr. Kable did notable work which has done a great deal to promote better farm conditions and it is certain that he comes to his new post on the magazine well able to handle the work.

Numerous letters have been received by the magazine from electric companies and colleges commending the new editor, and expressing confidence that the success of the magazine will continue to flourish under Mr. Kable's able direction.

Happy Birthday

GREEN WILLING TO TAKE BACK 10 CIO UNIONS

Their Return Would Help Reunite Movement

Editor's note: Labor's civil war daily grows more bitter. Lawyers for the American Federation of Labor and John L. Lewis' rebel C. I. O. battle in the courts and before the National Labor Relations board. Field lieutenants carry the fight to almost every corner of American industry. How could peace be made? An Associated Press reporter asked William Green, A. F. of L. President, that question today. He gave his answer in the following interview.

Atlantic City, N. J., Sept. 2—(AP)—William Green, president of the American Federation of Labor, said today the federation would welcome back the 10 suspended C. I. O. unions if they returned without any conditions.

Their return, he said, would be the first step toward reuniting the American labor movement, divided since John L. Lewis started the Committee for Industrial Organization in November, 1935.

If the C. I. O. unions took this step—and Green frankly said he doubted they would—the next move toward final peace, he said, would be appointment of a joint committee of A. F. of L. and C. I. O. leaders to work out a detailed settlement.

"I recognize that there would be many complicated problems to be solved," Green said.

Hardest Problems "The hardest of these probably would result from the C. I. O.'s recognition of dual unions in the radio and electrical and shipbuilding industries. Those unions never belonged to the American Federation of Labor.

"The Radio and Electrical Workers' union (C. I. O.) is trying to organize the territory that belongs to the International Brotherhood of Electrical Workers (A. F. of L.). The Marine and Shipyard Workers (C. I. O.) is trying to enroll the workers who should go into various metal trades unions (A. F. of L.).

"On the other hand, we have organized textile workers, metal miners, ladies garment workers, and have chartered the Progressive Miners of America, all in territory claimed by the C. I. O. unions.

"There would be dozens of these problems, some hard and some easy. But I think there are men big enough on each side—John Lewis, Sidney Hillman, Matthew Woll and Dan Tobin, just to name a few—to solve those problems once the C. I. O. leaders decided to try."

Beaver Decides To Board and Lodge At Farmhouse

Jerseyville, Ill., Sept. 2—(AP)—A male beaver, repulsed by the furry overlord of a colony in Groppe Lake in western Jersey county, has taken refuge on a nearby farm and shows no intention of leaving.

County Game Warden Thomas Cummings brought the beaver, and its mate, from the Department of Conservation's show at the state fair and released them in the lake, where a colony of the year. He expected the newcomers animals have been living for a would be gladly received.

Instead, the resident male fought and routed the new arrival, which fled with a mangled front foot to the farm of Frank Groppe. Its female mate also was driven away from the lake.

Groppe caught the wounded male and placed it in a barrel with food and water. Recovering from its wound, the beaver leaves to swim in a small creek, but always returns to the barrel to lunch on fresh roasting ears and soft wood bark provided by the farmer.

About four million persons visit the United States national parks annually.

The College of Cardinals of the Roman Catholic faith is made up of 70 members.

NEW \$60,000,000 SUGAR TAX GOES INTO OPERATION

Washington, Sept. 2—(AP)—A \$60,000,000 sugar tax—the first processing levy on a farm product since the Supreme Court nullified the AAA taxes—became effective today as part of the new sugar-quota legislation.

President Roosevelt signed the much-debated sugar bill last night at Hyde Park and at the same time sharply assailed some of its provisions.

He said it legalized a "virtual monopoly" by a small group of seaboard refiners and that he had

signed it only on assurance from congressional leaders that beet and cane growers were ending their "unholy alliance" with the seaboard refiners.

He expressed hope the next Congress session would act to remedy the faults he said were in the bill.

The measure imposes a half-cent a pound processing tax on sugar, effective at once. Officials said it would raise from \$60,000,000 to \$70,000,000 annually. About \$50,000,000 of this will go to sugar beet and cane growers in benefit payments for crop control.

The benefit payments are retroactive, applying to sugar beets and cane harvested after July 1, but the agriculture department stress-

ed that no payments can be made until Congress makes a direct appropriation for payments was stricken from the third deficiency bill which carried funds sufficient only for the administration of the new law.

There are four Roman Catholic cardinals in the United States: Hayes of New York; O'Connell, of Boston; Dougherty, of Philadelphia and Mundelein, of Chicago.

Rochelle News

By Arthur T. Guest

Rochelle—Mr. and Mrs. Otto Wettstein, of Orlando, Fla., who resided in Rochelle until 40 years ago when they moved to Florida are returning to their home Thursday, Sept. 2. Mr. Wettstein built the first telephone line in Rochelle and is now a large stockholder and official in a Florida telephone company. The Wettsteins have three children, Charlotte, Max and Otto. The sons are in business with their father.

Mr. Wettstein's father was a pioneer resident of Rochelle and was in business for a great many years as a jeweler in the W. P. Hackett location. He died about six years ago. Mr. Wettstein's mother is still living and is 85 years old, also Mrs. Wettstein's mother, who is 83. They are living in the Otto Wettstein, Jr., home at Orlando, Fla.

Bryant Wettstein, a brother, is manager of a telephone exchange of the system at Leesburg, Fla. He is an ardent movie fan and has 1,000 autographed photographs of stars of the silver screen. He is also a great fisherman and has won many prizes for his angling ability. He is a bachelor. The Wettsteins found many changes in Rochelle since their last visit 40 years ago, and were well impressed with this progressive city.

They made their headquarters at DeKalb during their Illinois stay, visiting Mrs. Wettstein's brother, John G. Boyle and family. Mrs. Frank D. Thorp entertained 12 guests at bridge in honor of her house guest, Mrs. Bell of Traverse City, Mich., Monday evening at her home. Mrs. Bell was acquainted with several Rochelle ladies whom she met at Sarasota, Fla., where she spends her winters.

Mrs. James Sherlock is recovering from a major operation performed at Mayo Bros. clinic at Rochester, Minn.

Mrs. Edward Morgan is a patient at the Mayo Bros. clinic at Rochester, Minn., where she is convalescing from a major operation performed by Dr. Charles Mayo.

Joseph A. Askvig has purchased the T. K. White residence on Twelfth street and will secure possession Oct. 15.

William Elmer, son of Dr. and Mrs. G. D. Elmer, is recovering from an operation for removal of his tonsils. He is on vacation from his work in Chicago.

Elinor Heron, daughter of Mr. and Mrs. Howard A. Heron, had her tonsils removed at Dr. A. R. Bogue's office, Monday morning.

Miss Frances Van Adestine of Wausau, Wis., has been secured to fill the vacancy caused by the resignation of Miss Viola Durringer, who has taught in the English department of the high school for the past seven years.

Miss Van Adestine received her A. B. degree from North Central college at Naperville in 1935, where she was an honor student. For the past two years she has taught English in the high school at Iron Mountain, Mich., and has resigned from that position to accept the English and French position at Rochelle.

Following is the high school faculty for 1937-38:

C. A. Hills, superintendent; Maxine Roe, secretary; Vera Coultas, English; Frances Van Adestine, English, French; Alma Happe, English, commerce; and Margaret Falstad, home economics, art.

Leora McSweeney, social sciences; Dorothy Harmon, Latin, physical education; Zoe Traver, mathematics; Evalyn Strangfeld, commerce;

W. E. Helms, sciences, athletics; and C. C. Ellis, mathematics, physical education.

F. D. Hitchcock, science; F. R. Bushnell, manual arts; K. E. Welner, agriculture; Orva Wright, music; and P. Toenniges, orchestra, band.

All new students who plan to attend the Rochelle township high school during the coming year were asked to register at the high school office Monday, August 30, or Tuesday, August 31, between the hours of 8:30 a. m. and 4 p. m.

Bus routes providing free transportation for rural pupils will be arranged on the basis of these registrations.

The opening of the school year at the Rochelle township high school will mark the completion of a WPA project started in December of 1935. Improvements which have been made include the following:

Construction of concrete driveway and sidewalk from the north end of the building to Seventh street.

Drainage, leveling, and seeding the football field.

Construction of a quarter-mile cinder track with concrete curb around the football field.

Construction of runways and pits for pole-vaulting and for high and broad jumps.

Construction of three hard-surface tennis courts.

Erection of a seven-foot cyclone fence around the entire athletic field.

These improvements have been financed jointly by the WPA and the school district No. 212 and the work has been done under the personal supervision of J. E. Barber, chairman of the building and grounds committee of the board of education.

For the first time in history students enrolling as freshmen at the Rochelle high school will not be required to take algebra. A new course in practical mathematics will be required in place of algebra, while algebra will be offered as an elective subject for sophomores in 1938-39 and thereafter.

Plane geometry, which will still be required for sophomores during the present year, will also be made elective for juniors in 1938-39 and thereafter.

These changes are in keeping with the modern tendency to make the high school curriculum more

useful and practical to the student who is not preparing to enter college. While it is possible to enter certain college courses without high school algebra and geometry, it is strongly recommended that the student who plans to attend college take at least one year each of algebra and geometry while in high school.

To further enrich the curriculum a course in art and design will be offered for juniors and seniors. This course, which is open to both boys and girls, will be taught by Miss Margaret Falstad. Miss Falstad, a graduate of the University of Minnesota, has also studied at the Chicago Institute and for several summers has been working toward a degree in art at the University of Wisconsin.

Following is the program of studies with the units of credit offered in each. Sixteen units are required for graduation. Ten and one-half of these units may be chosen by the pupil. Two units of science are required. Not more than one unit of music will be allowed toward graduation. Pupils intending to go to college should take two years of languages. Starred subjects are required, others are optional.

OREGON

Mrs. Mrs. A. Tilton
Oregon—Mrs. and Mrs. Granville Colley and grandson Billy, Miss Gladys Colley of Windsor, Ont., Mrs. John Sutton and nephew Jack of Dutton, Ont., and Fred Harrison of Leamington, Ont., are visitors at the home of Mr. and Mrs. Joseph Fletcher.

Miss Ardis Robbins of Stillman Valley, mezzo soprano, will be guest soloist at the Sunday morning service of the Methodist church.

Miss Helen West of New Brunswick, N. J., is a guest of Mr. and Mrs. Harold Krause. She is enroute home from Iowa where she spent the summer.

Oregon Junior Legion drum and bugle corps placed fifth in the contest at the American Legion and auxiliary state convention at Springfield Monday, losing first by only a small percentage.

Mrs. Horace Ethyre entertained several guests at bridge Monday evening in honor of Miss Helen Vetter of Chicago who was a guest for several days of Mr. and Mrs. E. D. Lebowich.

Miss Julianne Crawford went to Minonk Wednesday to remain over Labor Day, a guest of Miss Isabelle Parks. The two were room mates last year at the University of Illinois.

County Superintendent of Schools W. L. Pickering, his wife and two sons, left Wednesday on a week's vacation trip to Washington, D. C. Miss Anna Murdoch left Thursday for her former home in Hagerstown, Md., to spend two weeks with relatives and friends.

Mr. and Mrs. J. F. Putnam and family returned last weekend from St. Paul, Minn., where they were visitors for ten days with the former's brother, David Putnam and family. While there their son Jack was confined to the hospital for a week with a serious infection of his leg. He and his mother returned home by train and Mr. Putnam and daughter Betty made the trip by auto.

Dr. and Mrs. W. S. Bowen went to Pontiac, Mich., Thursday for a vacation of several days with Mrs. Bowen's sister, Mrs. A. F. Games and family.

Mrs. Ellen Nicholas of Ithaca, N. Y., who was a visitor for several days with her sister, Mrs. Pearl Brown, left Monday to return home. The Rock River Country club dance scheduled for Saturday, Sept. 3, will be held Monday night, Sept. 5. The committee in charge Mrs. Seville Spoon, Mr. and Mrs. Walter Berg and Mr. and Mrs. Frank Hilger.

Mr. and Mrs. Hiram Winter and Mrs. Frank Reed attended funeral services in Rockford Tuesday for Mrs. Clinton Damon, formerly Gladys Youngren, and as a small girl lived in Oregon. Her parents were Mr. and Mrs. A. W. Youngren. She was 38 years of age and is survived by her husband, a son and her mother, Frank Fuller of this city. An uncle also attended the funeral.

Saturday Sept. 4 and continue through Monday, Labor day. There will be three harness races during the afternoon Saturday and the combined bands of Foreston and Mt. Morris high schools will furnish music. The evening's program will consist of free vaudeville acts and exhibition by Oregon Junior Legion drum and bugle corps. All school children will be admitted free at the main gates on opening day.

Sunday will feature the horse show with 22 classes in which some of the best saddlers, jumpers and harness horses in the state will be entered. The evening's entertainment will be furnished by radio talent from station WJJD in Chicago.

Monday's harness races scheduled 2:14 trot, 2:24 pace and 2:14 pace. The Rochelle municipal band will play. In the evening a big fireworks display, feature vaudeville act and music by Oregon Junior municipal band will complete the program.

Buys 104,819 lbs. of Fish For Relief

Washington, Sept. 2.—(AP)—The Federal Surplus Commodities Corporation announced today it has purchased 104,819 pounds of cured herring and frozen pollock in Illinois recently and consigned the food to the State Relief agency for distribution to needy persons.

The corporation said the purchases were made from fish dealers "in an effort to remove from normal trade channels surplus pressed fish that was exerting a depressing effect on the fish market, reducing returns to fishermen, and, as a contributory result, keeping many fishermen and boats idle."

The percussion cap used in cartridges was invented by a Scotch minister.

It is estimated that 44,000 thunderstorms occur daily on the earth.

IN THE DISTRICT COURT OF
 THE UNITED STATES FOR
 THE NORTHERN DISTRICT OF
 ILLINOIS — WESTERN DI-
 vision

In the matter of Walter Fred-
 erick Aydelotte, Debtor, No. 3135-
 75 (s)
 Proceedings for a Composition or
 an Extension.
 To the Creditors of Walter Fred-
 erick Aydelotte of Town of Dixon,
 Lee County, in the District afore-
 said:

Notice is hereby given that on the
 6th day of August, 1937, the peti-
 tion of the said Walter Frederick
 Aydelotte—praying that he be af-
 forded an opportunity to effect a
 composition or an extension of
 time to pay his debts, under Sec-
 tion 75 of the Bankruptcy Act, was
 approved by the Court as being
 properly filed under said Section;
 and that the first meeting of his
 creditors will be held at my offices,
 No. 50-51 Dixon National Bank
 Building, Dixon, Illinois, on Sep-
 tember 18, 1937 at the hour of 2
 o'clock P. M. of said day, at which
 time his creditors may attend,
 prove their claims, examine the
 debtor, and consider any proposed
 composition or extension and
 transact any such other business as
 may properly come before said
 meeting.

E. E. Wingert,
 Conciliation Commissioner and
 Referee.
 William M. Winn, Atty. for Debtor.

TREASURY DEPARTMENT
 OFFICE OF THE COMPTROLLER
 OF THE CURRENCY
 WASHINGTON, D. C.

Notice is hereby given to the
 shareholders of "The First National
 Bank of Steward", Illinois, that
 a meeting of the shareholders will
 be held at the office of the Re-
 ceiver of "The First National
 Bank of Steward", Illinois, on the
 21st day of September, 1937, at
 2:00 o'clock, P. M., for the purpose
 of electing an agent to whom the
 assets of the bank will be trans-
 ferred and delivered in accordance
 with the provisions of Section 3 of
 the Act of Congress entitled "An
 Act Authorizing the Appointment
 of Receivers of National Banks and
 for other purposes", approved June
 30, 1876, and of the Acts amendatory
 thereto approved August 3,
 1892, and March 2, 1897 (incorporated
 in the United States Code as
 Title 12, Section 197), or for the
 purpose of continuing the receiver-
 ship in accordance with the pro-
 visions of the last named Act.

BANGS' CAUSES
FIVE MILLION
LOSS ANNUALLY

State College Issues New
 Pamphlet on the
 Disease

Illinois cattle breeders and
 dairymen could save \$5,000,000
 each year by eliminating Bang's
 disease from their herds, accord-
 ing to a pamphlet which has just
 been issued by the division of ani-
 mal pathology and hygiene, col-
 lege of agriculture, University of
 Illinois.

Pointing out that all cattle are
 susceptible, the pamphlet lists five
 steps for cattle breeders to take in
 eradicating the disease.

First recommendation is to test
 all animals more than six months
 of age to find out whether Bang's
 disease is present in the herd and
 to what extent. Breeding records
 are not an infallible guide to the
 presence or absence of the disease.
 It is explained. Infected cows may
 breed normally, and clean cows
 may abort from other causes.

After a test, it is necessary to
 eliminate reactors and then clean
 and disinfect the premises. Under
 regulations of the State Depart-
 ment of Agriculture, reacting cattle
 may be sold for slaughter, sold into
 herds known to be infected or iso-
 lated temporarily under the super-
 vision of the local veterinarian.

Only by repeated testing can all
 infected animals be identified. For
 that reason, the third step is re-
 testing at 60-day intervals if the
 herd is infected, eliminating or
 isolating all reactors and cleaning
 and disinfecting the premises.

Even though the herd has previ-
 ously been freed from Bang's
 disease, it is good insurance
 against expensive inroads for the
 herd to be tested annually.

Purchase Care Needed
 Finally, it is suggested that re-
 placement animals be purchased
 only from herds unquestionably
 free from the disease and that they
 be quarantined before being placed
 with the herd.

In cooperation with the exten-
 sion service of the agricultural
 college, an increasing number of
 cattle owners are cleaning up their
 herds and keeping them clean of
 Bang's disease. The plan permits
 reactors to be kept in temporary
 isolation and used to rear healthy
 calves and so perpetuate valuable
 blood lines.

It provides further for the an-
 nual testing of herds by the local
 veterinarian at the expense of the
 owner. Final tests preceding state
 accreditation are made without
 cost at the agricultural college.

Two consecutive annual negative
 tests or three consecutive negative
 tests at six-month intervals en-
 title a herd to be accredited by the
 State Department of Agriculture
 as free of Bang's disease. More
 than 130 practicing veterinarians
 have qualified to use the rapid
 plate method of testing which is
 well adapted to preliminary herd
 tests.

To obtain indemnity for animals
 that react to the test for Bang's
 disease and that are sold for
 slaughter, herds must be enrolled
 in the federal state plan of Bang's
 disease control.

Copies of the pamphlet on
 Bang's disease may be obtained by
 writing the college of agriculture
 at Urbana.

Vinegar eels are present in most
 of the vinegar we use. The tiny
 creatures live in vast numbers in
 the bottoms of vinegar bottles.

France has 392,500 miles of mo-
 toring roads and ranks first among
 European countries in this respect.

Director of the Rockford Symphony
 orchestra.

Everett Cox, Jr., tenor saxophon-
 ist will be the soloist of the even-
 ing and the program to be present-
 ed is as follows:

Overture to "Norma", Vincenzo
 Bellini; Ballet Sylvia (a. Valse
 Lente) (b. Pizzicato Polka), Leo
 Delibes; Danse Chinoise, Fritz
 Kreisler-Paper; The Lost Chord,
 Sir Arthur Sullivan; tenor saxo-
 phone solo by Everett Cox, Jr.;
 Fantasy on "The Merry Widow,"
 Franz Lehár-Savino; Intermission;
 Entry of the Boys, J. Halvor-
 sen; Adagio Pathétique, Benj.
 Godard; Victor Herbert's Favor-
 ites, Victor Herbert; Serenade,
 Pierre Lacombe; Dance of the
 Comedians from "The Bartered
 Bride," Fr. Smetana, Star
 Spangled Banner.

ILLINOIS MAN
 NATURALIZED ON
 90TH BIRTHDAY

Mt. Vernon, Ill., Sept. 2.—(AP)—
 Louis George Coombs of Drivers,
 Ill., who became a naturalized citi-
 zen on his 90th birthday, is an
 enthusiastic hunter but enjoys the
 sport the easy way.

"I don't hunt," he said today.
 "I let the dog do that. He flushes
 the quail and I shoot them. I don't
 go after the birds but let the dog
 bring them to me."

He said he also hunts squirrels,
 but "not very often."

Coombs received his citizenship
 papers in Jefferson county circuit
 court exactly 90 years after his
 birth in Somersetshire, England,
 July 12, 1847. His father brought
 the Coombs family to this coun-
 try a short time later, settling in
 Montgomery county.

Coombs learned recently when
 he applied for an old age pension
 that he was not a citizen, but he
 already had served as a highway
 commissioner and member of the
 Drivers school board. He was elec-
 ted to a three-year term on the
 latter last April and rarely misses
 a meeting.

Coombs reads without spectacles,
 does chores about the farm home
 of his daughter, Mrs. Cora Dycus,
 where he lives, eats what he wants,
 smokes a pipe and keeps regular
 hours.

Peanuts contain tissue builder
 vitamin A, nerve food vitamin B,
 intestinal cleanser vitamin G, equal
 with raisins in iron content, are
 rich in oil and easily digestible.

"PAUL AND JOE"
 CHEAT LA SALLE
 MAN OF \$1,850

Joliet, Ill., Sept. 2.—(AP)—Chris
 Coragan, 40, operator of a restaur-
 ant in La Salle, Ill., complained to
 police here that he was swindled
 out of \$1,850 by two men he knew
 only as "Paul and Joe."

Coragan said "Paul" claimed to
 have inherited \$500,000 from his
 father, whose will required that
 he "Paul" use \$20,000 of the money
 for prayer for the salvation of his
 (the father's) soul. Paul offered to
 let Coragan distribute the \$20,000.

But to prove his reliability, Cor-
 agan explained, the two men de-
 manded he prove that he had mon-
 ey in the bank. So the three came
 to Joliet and Coragan told police
 he withdrew \$1,850 from the First
 National bank.

Coragan said he agreed to let
 Paul and Joe take the money to
 "test" it while he waited in the
 bank with a package containing
 Paul's \$20,000. When Paul and Joe
 didn't return, Coragan said he ex-
 amined the contents of the pack-
 age and, sure enough, there was
 nothing in it but blank paper.

As their first step in an investi-
 gation, police drove Coragan
 around the city in a search for
 Paul and Joe.

The minimum height for jump-
 ing with the aid of a parachute is
 considered to be 250 feet, although
 a parachute will open in slightly
 less than 150 feet.

Hoboken, N. J., was the scene of
 the first real baseball game between
 organized teams. The Knickerbock-
 ers defeated New York, 23-1, in four
 innings on June 19, 1846.

Madman's Island

BY NARD JONES Copyright 1937 NEA Service, Inc.

CAST OF CHARACTERS

KAY DEARBORN—heroine who
 inherits a yacht for vacation.
 MELITA—how a rich Kay's
 roommate and co-adventurer.
 PRISCILLA DUNN—the third
 adventurer.
 FORREST BROTHERS and
 GRANT HARPER—young scien-
 tists whose expedition turned out
 to be a rare experience.

Yesterday! Stopping off at what
 they believe is Larnmore Island,
 the three girls anchor their little
 yacht while Kay goes ashore to
 a lighted cabin. Suddenly they
 hear Kay scream.

CHAPTER VII
 MELITA and Priscilla ran to-
 ward Kay Dearborn, caught
 her swaying, hardly able to speak.

"Kay! . . . Kay, what's wrong?"
 When she did speak, it was in a
 tortured whisper. "In there,"
 she said, pointing to the window.

Fearfully Melita and Priscilla
 drew themselves nearer to that
 window. At first they could make
 out nothing among the weird and
 flickering shadows created by a
 dying fire on the hearth. Then
 they saw what had brought Kay's
 scream.

Dixon Public Schools Will Open on Tuesday Morning; Information

Supt. Lancaster's Annual Bulletin is Issued

The public schools of Dixon will open next Tuesday morning at 9 o'clock, Supt. A. H. Lancaster announced today, who at the same time issued details of the first day's sessions, boundary lines of the various grade school districts and the faculties of the various grade

schools and the high schools. His announcement follows:

The high school pupils will be given their room assignments during the home room period. All classes will meet for short periods to take enrollments and to give lesson assignments. The elementary pupils will meet with their teachers for a short period to secure room assignments and make enrollments. The elementary and high school pupils will be dismissed after these periods. The regular class work will begin Wednesday, Sept. 8. Children may enter Kindergarten if they are five years of age on or before December 31, 1937. Children

may enter the first grade if they are six years of age on or before December 31, 1937.

BOUNDARY LINES South Side Elementary Schools

First Grade:
All first grade pupils living east of the Illinois Central tracks shall attend the South Central School. The boundary lines for the first grade at the Woodworth school shall be Fourth street and Van Buren avenue. This includes pupils living south of the middle of Fourth street and east of the middle of Van Buren avenue. All first grade pupils living west of the Illinois Central tracks north of the middle of Fourth street and west of the middle of Van Buren avenue shall attend the Truman school.

Second Grade:
All second grade pupils living east of the center line of Peoria avenue shall attend the Central school. The boundary line for the Truman school second grade shall be the same as for the first grade, pupils living between Peoria avenue and Van Buren avenue shall attend the E. C. Smith school.

Third and Fourth Grades:
All third grade pupils living east of the middle of Peoria avenue shall attend the Central school, and west of College avenue the Woodworth school. Between Peoria avenue and College avenue they shall attend the E. C. Smith school.

Fifth, Sixth, Seventh and Eighth Grades:
For the fifth, sixth, seventh and eighth grades the Illinois Central tracks shall be the division line. Children east of the tracks in these grades shall attend the South Central school, those west of the tracks shall attend the E. C. Smith school.

North Side Elementary Schools
The Illinois Central tracks up to

the north line of Swissville shall be the dividing line. Children east of the tracks and north of the Swissville line shall attend the Central school. All others shall attend the Loveland school.

These boundary lines in all cases are to be considered as temporary and may be moved to secure equal numbers in various grades.

NACHUSA

By Mrs. John Weigle

Nachusa—Mr. and Mrs. Wilbur Hoff and daughters of Hollywood, Ill., spent Saturday and Sunday visiting at the home of his father, J. O. Hoff.
Miss Elsie Spangler, who has been assisting in the care of her father, who is ill, returned to her studies at Michael Reese hospital in Chicago, Sunday.
Mr. and Mrs. Harley Group and daughter Lorraine of Pontiac, Mich., who have been visiting relatives in this community for the past ten days, departed Monday morning for their home.
Mrs. Anna Weigle and Jacob time.

Pitzen were Sunday dinner guests at the home of J. O. Hoff.
Mrs. Minnie Group, who has spent the past three months visiting relatives here, returned to her home in Lansing, Mich., Monday.
Mrs. Mary E. B. Shilpert and grandson of Chicago are visiting at the home of her daughter, Mrs. J. T. Emmert and family.
Robert Anderson of Chicago, who has been visiting his grandmother, Mrs. Cora Eicholtz, returned home Sunday.

Our school opened Monday morning with an enrollment of 20. The interior has been redecorated and new desks and chairs and a new furnace installed.

H. G. Long left Tuesday evening by auto for Bulls Gap, Tenn., where he will join his wife and daughter, who have been spending the past month visiting her parents.

Mrs. John S. Weigle and Miss Ethel Schneider were Dixon shoppers Monday afternoon.

SCHOOL BOARD SUE
St. Louis, Sept. 2.—(AP)—The board of Benton consolidated school and C. W. Mundell, Franklin county treasurer, were defendants today to suit of a St. Louis furniture store to collect \$5,286.75 on teachers' salary warrants for 1931-34 in its possession. At Benton, Clifford Davis, secretary of the board of education, said funds were not available to pay the warrants.

Toads can blink only one eye at a time.

Tissues taken from an animal's body can be kept alive indefinitely, according to biologists. Microscopic living cells taken from a chicken have outlived the normal life of the fowl.

The first historic sporting event at which it was demonstrated that motion pictures could be filmed

successfully without the aid of sunlight was the Jeffries-Sharkey fight on Coney Island, Nov. 3, 1899.

Rumania has the highest birth rate of any European country. The rate here is 32 per 1000 of population, while in Sweden, which has the lowest birthrate in Europe, it is 13.7 per 1000.
